FLAMES DRIVE GUESTS FROM TOURIST HOTELS

FIND DEAD AND DYING ON TOSSING ICE FLOES

EXTENSIVE BLAZE AT ST. AUGUSTINE

Five Hotels and Many Historic Landmarks in Oldest American City Are Swept Away

THRILLING RESCUES MARK SCENE

St. Augustine, Fla., April 2.—Fire early today destroyed five tourist hotels, the county court house and a number of residences here. So far as is known no lives were lost, though many guests at the Florida, Munson, Clairmont, Atlantic and Central hotels which were destroyed, escaped scantily clad and had no time to save their personal belongings. The flames were checked late this afternoon. Property damage is estimated at between $500,000 and $750,000.

Nearly two blocks near the water front were destroyed. For a time the business section of the city was endangered, but the flames finally were checked by local firemen and a section of the Jacksonville fire department, which arrived on a special train shortly before daylight.

Fire Spreads Rapidly.

The fire originated in the Florida, a large wooden structure, and spread rapidly. The first alarm was turned in at 1 o'clock. Firemen first turned their attention to rescuing guests at the Florida many of whom were carried down ladders. Occupants of the other hotels were warned of their danger and many fled into the streets without any attempt to save their personal belongings. The burned section was bounded by Charlotte, Treasury, Hypolita and St. George streets.

Two persons were injured, an unidentified woman sustained a dislocated neck and was probably fatally hurt when she plunged from the third story of a residence. A. Libby, a guest at the Florida, broke a leg in leaping from the second floor of the hotel. He will recover.

Famous Landmark Goes.

The Veder house, a famous landmark containing valuable curios collected by the St. Augustine Historical society, was among the buildings destroyed. A company of militia today guarded the burned section to prevent looting.

The fire originated in the second story of the south wing of the Florida house, which was a frame structure, shortly before 1 o'clock. The firemen were on the scene quickly but the frame building burned so rapidly that the flames were uncontrollable and spread to surrounding frame buildings.

Firemen Rescue Guests.

HAZED GIRL NOW DEMANDS DAMAGES

Monroeville Miss Defendant in Suit as Outcome of Antics at Purdue.

SEVEN ARE ACCUSED

Lafayette, Ind., April 2.—As a result of a hazing in the girls' dormitory of Purdue university last January, Mabel Rogers, of Shoals, Ind., today filed suits against seven senior girls demanding $7,000.

The plaintiff, who is a first year girl, alleges that, up to the time she was hazed she was a healthy girl with normal eyes, but now her sight is impaired and her health destroyed. Miss Rogers, in her complaint, alleges that on a certain day in January while she was preparing her lessons, seven girls dragged her from her room, tore off her clothing, painted her chest, back and neck with red ink, poured mucilage on her back and stuck her with pins in an effort to compel her to kneel to her assailants. She further avers that she was ducked in a tub of water. She declares she was forced to go to a hospital for treatment, following the hazing, and that she has been unable to do her work in the university.

Miss Rogers names the following girls as defendants: Agnes Phillips, Monroeville; May Blue, Star City; Mary Clark, Indianapolis; Esther Kisner, Terre Haute; Helen Lee, Oxford; Mary Sheridan, Attica; Ruth Cowan, Chicago.

FAIN WOULD HEAR BIG GREEN BULLFROGS SING.

Kansas City, April 2.—Big green bullfrogs are in demand on the farms of Kansas, according to L. Diche, state game and fish warden, who is distributing fish at the state hatcheries. He says many farmers are asking for frogs for their ponds. "Some say they want them to eat," Mr. Diche said yesterday. "Others say they want to hear them sing; while others say they just want them around." Mr. Diche said that 5,000 tadpoles had been distributed from the hatcheries this spring.

Some Lively Contests for County Nominations Tomorrow.

DEMOCRATS HAVE 75 ON BALLOTS

Heavy Vote is Confidently Predicted by Election Commissioners.

On the eve of the Allen county primaries the board of election commissioners predicts exceptionally heavy balloting tomorrow. Fifty-six voting machines are to be used to register the voting and one of the striking features of the primaries is the unusually large number of candidates for nomination on the democratic ticket.

Including the Wayne township slate, a total of seventy-five names appears on the democratic ballots. In spite of the fact that there are no contests on either the progressive or republican tickets, both parties will be represented on the ballots.

Contests Are Lively.

Man Under Sentence to Die Saturday Escapes Jail at Cairo, Ill.

SIX MAKE GETAWAY

Cairo, Ill., April 2.—Six prisoners escaped from the county jail early today. Among them was W. M. Wilson, sentenced to be hanged on April 4 for the murder of Thomas C. Logan, a special officer of the Mobile and Ohio railroad.

It is supposed the fugitives boarded a freight train. The men escaped by sawing the steel bars of a cell. Two hundred dollars reward was offered for the capture of Wilson, dead or alive.

Before murdering Logan Wilson escaped from the Ohio penitentiary, where he was serving a life sentence.

FOILS A BANDIT BY PISTOL DUEL

Express Messenger Averts Train Hold-Up on Seaboard Air Line.

POSSES IN PURSUIT

Athens, Ga., April 2.—An attempt by a lone bandit to rob Seaboard Air Line passenger train No. 11, southbound, near Comer, Ga., fifteen miles northeast of here, was frustrated early today by Express Messenger R. C. Fletcher. After a pistol duel with Fletcher the bandit jumped from the train a short distance from Comer and escaped.

The bandit swung aboard the express car as the train was leaving a station two miles south of Comer. Covering Fletcher with a revolver, he ordered him to open the express car safe. Fletcher responded by drawing a pistol and opening fire. After several shots were exchanged the bandit, handicapped by a bullet wound in the arm, dropped his weapon and leaped from the train. Fletcher was not injured. Sheriffs' posses of two counties today began a search for the would-be robber.

NEARLY ENTIRE CREW OF STEAMER PERISHES

Rescue Steamer Brings News of Disaster to Sealer Newfoundland, Caught in Ice

St. Johns, N. F., April 2.—The steamer Newfoundland, [illegible] ed in the ice just south [illegible] strait and the greater part [illegible] of 150 men are believed to [illegible] perished.

[illegible]ling [illegible]ush- [illegible] Isle [illegible]rew

Steamers in the vicinity picked up several bodies and a few of the crew who had survived in the ice floes to which they escaped when their vessel went down. Fifty of the crew have been accounted for in this manner. Most of them were dead when discovered and several others were dying.

Alarm for Another.

Great alarm is felt for the sealing steamer Southern Cross, which is also believed to have been caught in the ice. The first reports received here said that it was a part of crew of the Southern Cross that had been picked up and that they were being brought into port by the Now Foundland. There are 173 men on board the Southern Cross. She was due here Tuesday.

The storm that has raged over Newfoundland for three days continued unabated and telegraph sedvice to points along the coast has suffered. The captain of the New Foundland was Wesley Kean.

Many Still Afloat on Ice.

Meager reports relayed from one vessel to another by wireless and more or less confused, state that of the crew of the New Foundland 120 men were still on the ice floes this morning. It is possible that some of the bodies picked up on the ice were those of members of the crew of the Southern Cross.

One report says that the men who left the New Foundland were scattered by the moving ice fields in different directions radiating from the wreck like the spokes from a wheel. The wind was blowing a gale off shore and there was a blinding snow storm in which the crew would be unable to find their way in any direction.

They had little food when they left

NEW TRIAL IN THE BAILEY WILL CASE

Jury's Verdict Revoking Testament of Showman Is Set Aside.

$1,000,000 IS INVOLVED

White Plains, N. Y., April 2.—A jury's verdict revoking the will of the late widow of James A. Bailey, who was P. T. Barnum's associate in the circus business, was set aside today by Supreme Court Justice Tompkins. The revocation of the will was brought about by Mrs. Isabelle Hutchinson, a sister of the late Mrs. Bailey, after a legal struggle that involved nearly $1,000,000.

Under the will Mrs. Hutchinson received only an annuity of $10,000, while her two brothers and another sister divided the residuary estate valued at $4,000,000. If the decision of the trial jury had stood she would have shared this property equally with her brothers and sisters.

RIVER REACHES HIGHEST STAGE.

Rains yesterday sent the waters of the rivers passing through Fort Wayne to a depth of 14.7 feet this morning, the highest stage this spring. The flood stage is 15 feet, but that mark will not be reached according to W. S. Palmer, who states that the rain has ceased in this territory for the present and a slight drop was noted in the rivers at noon. The water just reached Baltas avenue at its lower portion but no houses were surrounded.

Farmers Incensed by Murder of Girl Who Taught School

Lydia Beecher

Little Falls, N. Y., April 2.—The murder of pretty Lydia Beecher, a young school teacher, whose body was found in the woods near here, has thrown the whole town into a state of excitement and sorrow.

Joan Gianini, a sixteen-year-old schoolboy, is now under arrest, charged with the murder of the girl.

The rural population has become so incensed against the accused boy that extra guards have been placed about the jail in which he is held at Utica, in fear that the farmers may take the law into their own hands.

CLEARING COURT DOCKET OF CASES

Judge Eggeman Dismisses Few and Sets Down Few for Trial.

HE WILL DISMISS MORE

In the circuit court today Judge John W. Eggeman called his civil docket, dismissed a number of cases which had lain for some time without action and set down some for trial.

Sixty-five cases were set for dismissal on June 1 and they will be wiped off the dockets then unless the attorneys show that they really mean to try them or take some action to indicate that they will come on for hearing or settlement.

Cases dismissed—Charles W. Dittoe against Mary G. Keel, John Lang against Mary Kendall, Mary J. Fabian against Julian Fabian.

Cases set for trial Diethoe Lumber Co. against Wichman, June 10; Bernard Richter, executor, against John Baker, April 23; appeal of Nathan H. Kaplan from survey of lots, June 10; Joseph P. Harnishfeger against Theodore Hofer, June 10; Charles B. Aldrich against Zenith Stamets, June 17; in reference to infirmity of Ellen E. Flume, April 8; Edward Baltes against Charles M. Murray.

A Hundred Witnesses.

Late this afternoon the fight to prevent the county commissioners from renewing the saloon license of Ezra Hiser, at Poe, was taken up and there were a hundred witnesses to be examined.

It is charged by remonstrance that Hiser has been keeping open at illegal hours and that he is an unfit person to entrust with the sale of liquor.

Cases Are Dismissed.

In the superior court the suits of George Young against Margaret Pross and Clara Langenbaugh against the Pennsylvania company were dismissed.

Commission Case On.

Judge Yaple and a jury today heard evidence in the suit of C. D. Nolan against Lucy J. Emrick, involving commissions amounting to $177 on a real estate sale.

Has Been Superceded.

One of the chief complaints alleged against Reuben Felix in his divorce complaint against Christina Felix is that she has a stranger at the head of the house and has been superceded in his own domicile in addition to being refused admittance. She is charged with having induced him to give her property valued at $15,000 and then denied him the privilege of enjoying it. Hans Meland filed the suit.

Stone Road Bonds Sold.

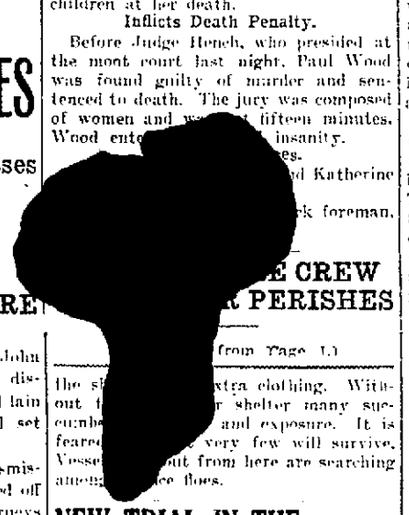

Bonds sold by County Treasurer J. Herman Bueter for the construction of the Sheehan stone road in Monroe township, were disposed of as follows: Bonds from No. 17 to 20 at $380 each, $1,232, sold to C. S. Neuhouser, Huntington, Ind. Bonds from No. 1 to 16 at $308 each, $4,928, sold to Albert Egley, Grabill. The total amount is $6,160.

NEW TRIAL IN THE BAILEY WILL CASE

(Continued from Page 1.)

Mrs. Hutchinson contended that the showman's widow was unduly influenced against her by their brother, Joseph T. McCaddon who, she said, was jealous of the success of her two sons in the circus business.

Justice Tompkins decided that the verdict was against the weight of evidence and granted a new trial. He said he thought the jury made such a will as it believed Mrs. Bailey should have made, disregarding her right to suit herself.

THE DEATHS

followed an illness of four years, due to complications.

Mr. Mills came to Fort Wayne fifty years ago from New York and learned his trade as a machinist in the local shops. Thirty years ago he was made foreman and on the first of last December he was retired on a pension. He was a life long member of the I. O. O. F., and until illness interfered he was active in the affairs of the congregation of the First Baptist church. He was also a member of the National Union.

Surviving he leaves the widow, Sarah A. Mills, and two children, William H. Mills and Mrs. L. W. Barron, both of Toledo. Five grandchildren also survive.

WILL HURRY SPY RUN AVENUE WORK

Board Will Make All Haste to Get Repair of the Street Under Way.

THE MUNICIPAL NEWS

The board of works will lose no time adopting a resolution for the repair of the washed out part of Spy Run avenue between the State street bridge and the Centlivre brewery. Probably next week the resolution will be adopted and plans and specifications approved. Advertisements for the construction of the retaining wall will then be published and contracts awarded as soon as the law will permit.

The object of this diligence is two-fold. The board has been offered a lot of filling material by the Fort Wayne Traction company, which is soon going to begin the reconstruction of its tracks on Wallace street, and finds that the Spy Run avenue work will make a convenient as well as publicly useful dump. The other reason is more important. The street must be repaired and made secure soon or there will not be much street remaining. A flood would inflict immense damage.

The work will proceed under a resolution authorized by a law that empowers cities to construct levies. The cost will be assessed against benefited property. The county will bear part of the cost and $5,000 has been appropriated for the county's share. The total cost of the work will be about $20,000. It is hoped to have actual work under way within a few weeks.

TO BE COMPLETED NEXT YEAR.

Wayne Trace Track Elevation Must Be Done by January 1, 1916.

Following a hearing before the railway branch of the Indiana public service commission at Indianapolis Wednesday, it was announced that an order would be entered directing a separation of grades at the crossing of Wayne Trace and the Pennsylvania tracks. The order will require that the work be completed by January 1, 1916. Estimates of cost submitted by the Pennsylvania company were $89,670 for the whole. Of this the county will have to pay one-fourth. It is believed that these estimates can be cut at least 10 per cent.

The plans provide for moving the Cincinnati, Hamilton & Dayton track so that one present will be abolished and a complicated situation at the Wayne Trace crossing can be eliminated. The Pennsylvania tracks will be elevated 4.15 feet and the subway will have a vertical clearance of 12½ feet.

There were present at the hearing in Indianapolis Commissioners William C. Schwier and Albert J. Black and County Attorney E. G. Hoffman, representing Allen county, and Superintendent W. M. Wardrop, Engineer Guy Scott and Attorney Fred Zollars, representing the Pennsylvania.

Thirty days have been allowed for the railroad and county to check over the estimates in search of practicable means to reduce the cost.

BOULEVARD ASSESSMENT ROLLS.

Improvement from Calhoun to Broadway Will Cost $14,200.

It is shown by the primary assessment rolls just completed and submitted to the park board by Miss Lillian Rush, clerk in the office, that the widening of Rudisill boulevard from Calhoun street will cost $14,200. This will be paid to damaged property owners from the assessments laid against benefited property. The boulevard is to be made 100 feet wide and to do this seven houses will have to be moved. The appraisement committee of the Fort Wayne Real Estate exchange has determined that the value of the property the park board wants to buy from William Wiehke is $789.25. The board had offered Wiehke $950 for his lot and he refused it as being too low. The board will pay him the original offer, despite the lower appraisement.

The park board will doubtless try to purchase the tract belonging to E. J. Lennon across the St. Mary's river from Swinning park. Mr. Lennon's plat was not approved by the board of works because it was thought the park board might desire the property.

The park board approved City Forester Getz's requisition for 1,000 trees and shrubs and contract will be made at once with a Rochester, N. Y. firm.

FOR ELEVATION EAST.

The board of works expects to adopt a resolution for track elevation east of Calhoun street next Monday. City Attorney Guy Colerick is now preparing the resolution.

SPECIAL COUNCIL MEETING.

There will be a special meeting of the city council next Thesday evening for the purpose of ratifying the contracts with the Fort Wayne Electric works and the Allberger company of New York and Chicago for the purchase and installation of the additional equipment for the city lighting plant. The city officials want to get matters under way at once.

St. Louis, Mo., April 2.—"The average office boy through lack of control over the muscles of his legs wastes as much energy in walking about the office each day as it would take to shovel fifteen tons of coal."

This statement was made in an address before the Business Men's League here yesterday by Dr. E. H. Arnold, of New Haven, Conn., who is in St. Louis to attend the annual convention of the American Physical Education association. Dr. Arnold explained by dragging his feet along the floor instead of allowing them to swing forward of their own momentum, the office boy makes his muscles move about twenty pounds every time he takes a step.

ENGINEERS WORK SOUTH OF TOWN

Clerical Staff for Canal Work is Soon to Be Increased.

IS CITY "LUKEWARM?"

During the latter part of this week the engineers and surveyors here collecting data for a detailed survey of the Erie-Michigan barge canal will establish several water gauging stations along the Wabash, Salamonie and Little River routes and the results of their tests there will be included in the report dealing with water supply for the proposed canal.

The work is becoming so tremendous that the staff of engineers and surveyors is to be tripled within a few days, and additional clerical help will be recruited. One man for the clerical staff is to arrive in the city tonight from Cleveland.

Fort Wayne men who have been interesting themselves in the work of the engineers are sorry to declare that they believe Fort Wayne to be the only "lukewarm" city along the route of the canal. South Bend and other cities where the engineers have spent any time have exhibited unlimited enthusiasm in the preliminary work now in progress and the business men, unsolicited, offer their time and energy to aid in any way in assisting with the collection of data to be used in the report for the board of army engineers. It is true that Fort Wayne has for some reason failed to "stir itself" on this matter, according to the boosters, but with the co-operation of the Commercial club the membership of the Erie-Michigan Deep Waterway association is rapidly increasing.

Boston, Mass., April 2.—The Maine Central railroad today discontinued the sale of 1,000-mile mileage books at two cents a mile. In a letter to the governor the railroad said the discontinuance of two-cent traffic was necessary if the road was to continue to pay 6 per cent dividends.

NO TRACE OF BULLET.

X-ray photographs made under direction of Coroner E. H. Kruse and his deputy, Dr. John E. McArdle, late this afternoon, failed to reveal the location of the bullet that killed Howard J. Bruce, colored head waiter of the Anthony hotel, who died early today from a gunshot wound inflicted last Friday night by A. B. Trentman. After the first X-ray photograph failed to show the bullet a second photograph was ordered.

Vote for Robert J. Travis, the Experienced Man, for County Clerk

The candidacy of Robert J. Travis for county clerk has been based upon his experience in the duties that the county clerk has to perform. He has served for seven years in that office as a deputy and he is known as being one of the most efficient and capable deputies that office has ever had. There is no detail of the affairs of that office that Bob Travis is not familiar with. He has served as a deputy for the circuit and superior courts and in all departments of the general office. He has impressed all who have had business in that office with his genial disposition and his cheerful readiness to oblige. No one has ever failed to get prompt, courteous and satisfactory service when Bob Travis was called upon to render it.

Bob Travis has lived his entire life in Fort Wayne. His service to democracy began before he was a voter. He has a solid character, is capable and fit in every respect that has bearing on the qualifications of a public servant and he has a host of friends throughout the county who are for him because he deserves their support and will fill the office of county clerk with the highest degree of efficiency.

GEN. COXEY IN NEW YORK.

Leader of Unemployed Opens Headquarters in Gotham.

New York, April 2.—Jacob S. Coxey, leader of the famous army which bore his name and marched on Washington in 1894, today established headquarters here. He said he would spend several days looking after plans for the mobilization of the New York wing of an army of 500,000 men which he intends to lead into the national capital some time this month. The main division of the army, he said, will leave Massillon, O., on April 16, and will be joined outside Washington by the eastern division.

IS HOLDING HIS OWN.

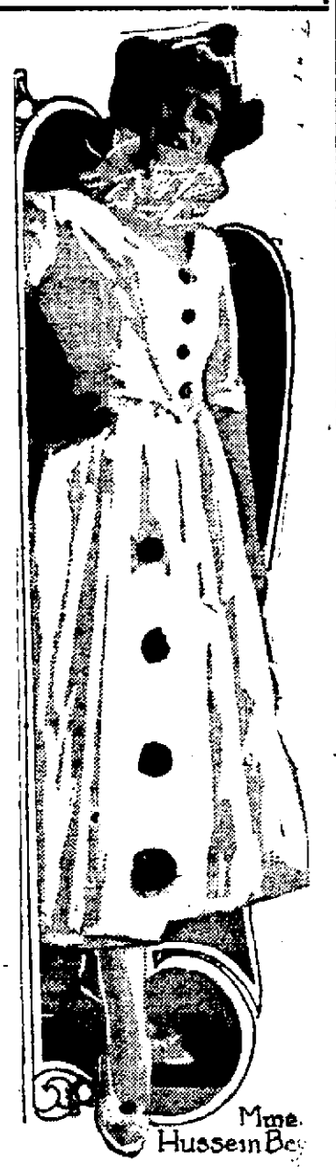

William Whalen Remains In Same Condition at St. Joe Hospital.

William Whalen, who was found burning in a box car near Hugo tower yesterday morning by a member of a freight crew, remains in the same condition, showing no improvement at the St. Joseph hospital, where he was removed. Both of his lower limbs are seriously burned from his hips down and attendants state that he will not be able to leave the institution for several weeks.

The rumor that there had been a fight in the camp at Hugo and that Whalen was a victim of the struggle was denied by him last evening. He states that he was asleep near the fire and his clothing caught fire and that he was unable to extinguish the flames until both legs were frightfully burned.

Whalen, who is a shoemaker by trade, came to this city several days ago in search of work. He is 23 years old, and his home is in Haverhill, Mass.

Merry Pierrette is Diplomat's Wife.

In the quaint costume of Pierrette, Mme. Hussein Bey, the American wife of the first secretary of the Turkish embassy, was the belle of the famous fancy dress ball given recently at Washington by Viscountess d'Azy, wife of the British naval attache.

DEPLORES EASTER DISPLAY.

New Society Aims to Check Rush for New Spring Clothes.

Washington, April 2.—Designed to check what is declared to be a growing tendency on the part of the American people to make the Easter season the occasion for displaying fashionable clothes, a movement was begun here today to form the "Society for the Prevention of Easter Desecration." The members of this society would pledge themselves not to wear new articles of clothing, beginning with Palm Sunday, until after Easter Sunday.

In proposing the new society, the District of Columbia Christian Endeavor Union declares that the real meaning of Easter is often lost sight of nowadays because of the popular craze for new and fashionable clothing, and predicts that the movement will vastly increase the calm devotional spirit of that season.

One of the longest bridges in the world, if not the longest, will soon be built by Germany. It will give railroad connection between Rugen, an island in the Baltic sea, and the mainland of Germany. The length will be about eleven thousand feet and the cost about five million dollars.

ROBBER INVADES A SWITCH TOWER

Pennsy Employes at Chicago Have Harrowing Experience.

ENTIRE CREW HELD UP

Chicago, April 2.—Lives of several employes of the Pennsylvania railroad were imperiled today when a robber entered a switch tower and with a revolver compelled to towermen to stand against the wall while they were robbed.

The bandits forced a shantyman to search the towermen. No trains passed the switch tower while the robbery was in progress. As soon as the marauder left there was hasty explanations sent to the train dispatcher.

"Just been held up. Could not answer before," telegraphed the operator, while the vandit vanished down the tower stairs.

"Track cleared for No. 55."

The robber got only $1.45, all the money the towermen had with them.

MOTHER LOOK AT CHILD'S TONGUE

If cross, feverish, constipated, give "California Syrup of Figs."

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels and you will have a well, playful child again. A thorough "inside cleansing" is oftimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50 cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company." Don't be fooled!—Adv.

NEWS OF FORT WAYNE'S NEIGHBORS

SMALL CHANCE TO LIVE.

Auburn, Ind., April 2.—That Mrs. Grace Little-Brown, who Tuesday afternoon drank a quantity of carbolic acid with suicidal intent at the home of Mr. and Mrs. Frank Stoyie, east of Hamilton, would not survive is the belief expressed by Dr. Glenn Ranson, of Hamilton. Mrs. Brown is a daughter of Oscar Little, of Hamilton. Early last fall she left her husband at Cleveland and came to the home of Frank Stoyie where she has been working as a hired girl. Tuesday afternoon she received a letter from her husband, who is at Cleveland, and the reading of this letter threw her into a state of despondency which ended in her attempt to commit suicide.

NEW MANAGER OF GAS COMPANY.

Auburn, Ind., April 2.—W. B. Bailey, of Sturgis, Michigan, took charge of the Indiana Fuel and Light company office in this city Wednesday succeeding C. A. Jennings, who has been the local manager for some time. The new owners of the company are placing men in all their offices who are acquainted with their system of operating the plants and for this reason they are putting Mr. Bailey in charge of the local office. For the past five years Mr. Bailey has been with the Sturgis Gas company and the Allegan County Gas company, both of which are owned by the same men that are now in control of the Indiana Fuel and Light company.

WELLS PIONEER IS DEAD.

Bluffton, Ind., April 2.—Rueben Stout, a well known and retired farmer, who lived with his son, Charles W. Stout, one mile south and one-half mile west of Reiffsburg, died at 4:30 o'clock this morning. His death was due to the weaknesses of old age and he has been in a serious condition for several weeks. Mr. Stout was the son of Jonathan and Nancy Stout and was born in Fairfield county, Ohio, January 9, 1830, and was aged 84 years, 2 months and 22 days. He was married in Ohio to Miss Rosanna Gehrett on November 20, 1852. She preceded him in death having passed away August 7, 1906. He moved to Wells county over fifty years ago.

DEKALB COURT HOUSE ACCEPTED.

Auburn, Ind., April 2.—The county commissioners met in special session Tuesday afternoon and finally accepted the court house from General Contractor Goodall. Before the meeting the commissioners and Architect Mahurin made a final inspection of the building from basement to roof and found everything in excellent shape. The full board was present at the meeting as was also County Attorney Atkinson, Auditor Madden, Architect Mahurin and Contractor Goodall.

TAXES FALLING OFF.

Goshen Ind., April 2.—W. A. Gray, county treasurer, says cash receipts at his office have fallen off as compared with last year. Not many people are paying their taxes at this time. The last day for paying the first installment without the delinquent penalty added is Monday, May 4th. Books for Elkhart city and adjoining townships will be sent to Elkhart by Treasurer Gray April 13th.

NEW HAVEN NEWS.

New Haven, Ind., April 2.—At the meeting of the board of town trustees last night a resolution was adopted recommending the oiling of the streets of New Haven again this summer. A citizens' committee composed of H. H. Grubb, F. B. Pranger, Theodore Eggeman, W. E. Bowers and Ed Schrader was selected to take the matter up and the work of oiling will be pushed as soon as repairs are made. Two car loads of crushed stone will probably be used in making repairs. The streets were oiled last summer late in the season and many of our citizens are desirous of having the work done earlier this year. The board will meet again next Tuesday evening to open bids for the construction of the north side sewer and to consider further the oiling proposition. Among other matters before the board last night was that of connecting the new well to the city water mains and the work was ordered done at once.

Why Do French Women Always Look Young?

In France mothers and daughters look like sisters. How are the women there able to retain their youthful looks until long past middle age? Is it because they are much given to the use of mercolized wax? This wax possesses a remarkable absorbent property which quickly removes the fine particles of cuticle which are constantly dying and which are the immediate cause of an old-looking complexion. Thus the livelier, healthier, younger skin beneath is given a chance to breathe and show itself. Try this treatment yourself. Most likely it will not require two weeks to make your complexion as clear, soft and beautiful as a young girl's. Just one ounce of mercolized wax (all American druggists have it) usually does the work. The wax is put on nights like cold cream and washed off mornings.

Another valuable secret with which the French are familiar is how to quickly remove wrinkles. One ounce of powdered saxolite dissolved in a half pint witch hazel makes a marvelously effective astringent lotion. The face should be bathed in this daily until even the deepest lines are affected.

THE SENTINEL'S DAILY SCRIPTURE READING.

Matthew 26:1-13.

1 And it came to pass, when Jesus had finished all these sayings, he said unto his disciples,

2 Ye know that after two days is the feast of the passover, and the Son of man is betrayed to be crucified.

3 Then assembled together the chief priests, and the scribes, and the elders of the people, unto the palace of the high priest, who was called Caiaphas,

4 And consulted that they might take Jesus by subtility and kill him.

5 But they said, Not on the feast day, lest there be an uproar among the people.

6 Now when Jesus was in Bethany, in the house of Simon the leper,

7 There came unto him a woman having an alabaster box of very precious ointment, and poured it on his head, as he sat at meat.

8 But when his disciples saw it, they had indignation, saying, To what purpose is this waste?

9 For this ointment might have been sold for much, and given to the poor.

10 When Jesus understood it, he said unto them, Why trouble ye the woman? for she hath wrought a good work upon me.

11 For ye have the poor always with you; but me ye have not always.

12 For in that she hath poured this ointment on my body, she did it for my burial.

13 Verily I say unto you, Wheresoever this gospel shall be preached in the whole world, there shall also this, that this woman hath done, be told for a memorial of her.

THURSDA[illegible]

The County Prim[illegible]morrow

Democratic, republican and [illegible]sive nominations for county and township office[illegible]n county will be made by the voters at the pr[illegible]omorrow, and no voter should overlook the impo[illegible]e of the occasion. As a matter of fact the county and [illegible]ownship officials to be chosen at the election in November from the tickets made up tomorrow will sustain a much closer and more vital relation to the affairs of the average citizen than will those who chance to be chosen for national and state positions. This is because local government is infinitely nearer the citizen than is the machinery of state or of nation. It has to do with governmental affairs in which we are directly concerned, and for that reason should claim the definite and serious attention of the voter.

All will subscribe to the desire that county and township offices be filled by men of the highest possible fitness and business capacity. Now is the time to make it certain that this will be done, and the way to do it is for the voters to turn out at the primary and make their selections with this purpose in view. The duty is especially definite in the case of the democratic voter by reason of the very large field of candidates. With the total number seeking nomination much larger than at any previous [illegible]ign in the history of the county there is ample [illegible]uge for the nomination of a ticket of particular strength and acceptability. It should be a ticket that will make its appeal not alone to party strength, but to the voters of all parties. In the case of the republican and progressive tickets, where contests are entirely absent, participation in the primary will be chiefly important as a matter of party showing. In effect these two tickets are already named, but it will doubtless be a matter of party pride with the leaders to secure as large a primary vote as possible, though it can scarcely be expected to be particularly impressive in the absence of rivalry for places.

With Allen county democracy, the case is entirely different and the duty more definite. The lively contests for many places will assuredly bring out the personal following of the various candidates, but the danger here is that these may center attention too closely upon the particular men in which they are interested, and cause to be lost sight of the fact that what is needed is not so much a strong and capable and clean man for any one office, but that sort of men for all of them. Turn out at the primary tomorrow and aid in the nomination of precisely that sort of a ticket.

The perniciousness of the "art" of clairvoyance and kindred fakes is again illustrated in the case of the Fort Wayne woman who, brooding over portentous forecasts of ills to befall her given by some charlatan was led to end her own life by suicide. Despite the palpable character of frauds of this type, there are always to be found many persons who give credence to croaking prophecies of woes to come, of misfortunes stalking near, of mysterious enemies close at hand, and of troubles certain to befall. Fortunately it is not often that the susceptible victim is driven to the extreme of self-destruction, but needless anguish is the inevitable result of giving credence to the twaddle of frauds of this character. The system is always vicious.

Senator LaFollette has taken occasion to drop a few pointed hints to the general effect that he suspects the use of questionable tactics in the effort to influence the interstate commerce commission in its decision on the question of freight rate advance. In other words, the explosion some months ago may not have made an entirely complete wreck of the lobbying machine in Washington.

While it may not be actually needed, it is still gratifying to be assured that Colonel Roosevelt is coming into Indiana this year to add a bit of spice to the state campaign. The colonel has perhaps been dimmed a bit by recent political happenings, but he has never lost his power to make 'em sit up and take notice whenever he's about.

They're all leading in the race for nominations tomorrow. If you don't believe it, just consult some of their enthusiastic friends.

PRESS ON DEFECTIONS IN BRITISH ARMY.

Clean Cut Issue.

Boston Herald: "There is now a clean-cut issue between the British government and those army officers who would act as politicians first and soldiers only afterward."

Frightened Government.

Pittsburg Sun: "Defections of army officers apparently frightened the British government into calling off the threatening movement against Ulster, and the Ulsterites have been pleased to call it a victory."

Government's Impotency.

Columbia State: "Before the exposure of the British government's impotency, as illustrated by the sedition of officers of the army, the questions of home rule and Ulster's rights become, for the moment, of secondary importance."

Confessed Surrender.

Boston Globe: "In view of its confessed surrender to the mutinous officers, the Asquith ministry finds itself in grave peril."

British Sentiment.

Savannah News: "It isn't to be overlooked that in the present state of British sentiment a revolution of tremendous proportions might have been the result if Ulster had been approached with fixed bayonets."

Asquith's Predicament.

Boston Transcript: "Mr. Asquith's present predicament is without modern precedent, for he is the only British premier in our time who has ever been confronted with what in Latin nations is called a 'military demonstration.'"

King George.

Washington Post: "That King George, not Premier Asquith, gave countenance to mutiny in the army makes all the difference in the world regarding the political and social consequences of the Ulster complications."

Army Officers.

Baltimore Sun: "The British army has no reason for existence and no right to existence if it is to be controlled by influences which its officers may account superior to the power that created it and them."

PRESS ON TROUBLES OF THE RAILROADS.

Baiting Amazing.

Wilmington Every Evening: "The extent to which 'baiting' legislation has been imposed upon railroads is amazing. In its operations much of it is actually ridiculous."

Full Crew Law.

Trenton Times: "The 'full crew' law has done nothing to safeguard the lives of the traveling public, but has resulted only in finding work for a greater number of men."

President Wilson.

Providence Journal: "It is time for President Wilson to take a clear and decided stand on the time-consuming tactics of the interstate commerce commission, to insist upon a square deal for railroad investors."

Must Be a Change.

Chicago Inter-Ocean: "There is no use trying to blink or dodge the truth that the time has come when there must be a change in our government's railroad policy. The railroads can not continue to serve the public at less than the cost of the service."

No Substantial Reason.

Rochester Union and Advertiser: "On the face of the matter, as presented in the petition of the railroad companies, there seems to be no substantial reason why the 'full crew' law should longer exist."

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a sponge or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.—Adv.

ROSENWALD TO PAY MOST.

Mail Order Man's Income is Largest in Chicago.

Chicago, April 2.—Julius Rosenwald, president of a mail order house, will pay the largest federal income tax of any one in Chicago. His return, which was filed during the thirty days extension of time which ended yesterday, showed an income of $1,160,000 for the ten months ending December 31, 1913. This would be on a basis of $1,320,000 for twelve months. More than 1,000 returns, including those of several millionaires, were filed during the extension period. Nearly 30,000 individual schedules have been filed here.

Officials in the offices of the collector of internal revenue estimated that the total government revenue from the tax in the Chicago district would be about $2,000,000.

Popular Candidate For Representative

Go into any place where politicians congregate and listen to their conversation. You will invariably hear them say unanimously that Mike Kinder should be one of the three men nominated for state representative. They say this without any disregard for any other candidate. They say this because they know that Mr. Kinder possesses all the qualifications that go to make a successful representative in the Indiana lawmaking body at Indianapolis.

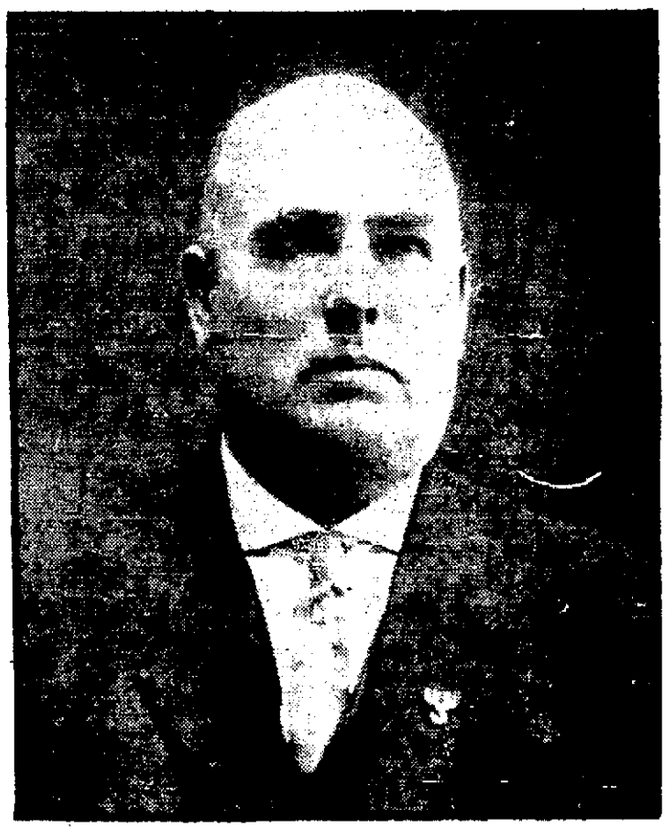

MIKE KINDER.

The thing that makes a man a good candidate is his qualification to handle the work he is called on to do. Kinder has this qualification and his nomination would certainly add additional strength to the democratic ticket generally.

When you go to the polls Friday you will get a chance to vote for Michael Kinder. Don't forget or overlook the opportunity.

HERMAN W. FELTS THE MAN FOR TRUSTEE OF WAYNE TOWNSHIP.

Although one of the last of the democratic candidates for trustee of Wayne township to announce himself, Herman W. Felts has made such progress with his canvass that his success seems positively assured. The reasons for this are clear. Mr. Felts has lived his lifetime here. He is widely known and as widely esteemed. His qualifications for the office of township trustee in Wayne township were instantly and generally recognized when Mr. Felts announced that he was a candidate. Mr. Felts attended the public schools of Fort Wayne and completed his education in the old Methodist college in this city, an institution to which hundreds of Fort Wayne and Allen county citizens are indebted for their learning and sound character. Then Mr. Felts was drawn to a railroad life and he followed that pursuit, rising to the responsible position of a locomotive engineer on the Pennsylvania railroad. Later he abandoned railroading and for eight years was the efficient superintendent of the Allen county poor farm. In this position he showed business capacity of high order and managed the institution not only to the entire satisfaction of the people of the county but to the welfare and comfort of all the inmates. When he tendered his resignation it was with reluctance accepted by the board of county commissioners, which body entered in its records an expression of regret at the loss of so worthy a public servant and of commendation for his splendid administration of the poor farm. Mr. Felts is on all sides admitted to have splendid executive capacity, and this he has proved in every post of duty. He has precisely the qualifications needed in the office of the Wayne township trustee. The greater part of Fort Wayne is situated in Wayne township and the duties of the trustee are therefore numerous and exacting if the interests of the people are well looked out for. Herman W. Felts is the best qualified man now a candidate for that office. He is a citizen of worth and standing. He is a democrat who has stood loyally and devotedly by the party and he has served it well throughout his life. The democratic voters of Wayne township will rally to Herman W. Felts in tomorrow's primaries.

CITY LIGHT & POWER WORKS.

Phone 340.

No. 11 **No. 11**

It was stated a few days ago in these articles that in giving his support to the City Light and Power works the citizen of Fort Wayne accomplishes a three-fold result. It has been shown that he makes public illumination cheaper and more efficient. It has been shown that he aids, with no cost to himself, to build up a great public utility and municipal asset. The third result is that he insures electric current for himself and all his fellow citizens at a low and probably at the lowest cost.

This third result is of the most direct interest and highest importance to the individual citizen. It determines the cost to him of a common domestic necessity. The fact of the Fort Wayne Municipal Light and Power works soundly established, steadfastly progressing and managed on the practical basis of pure business already has effected a much lower rate to private consumers for electric current, as it has effected a higher efficiency and lower cost of street lighting. This same fact further insures that the cost of current to private consumers will not only be kept down but will go still lower.

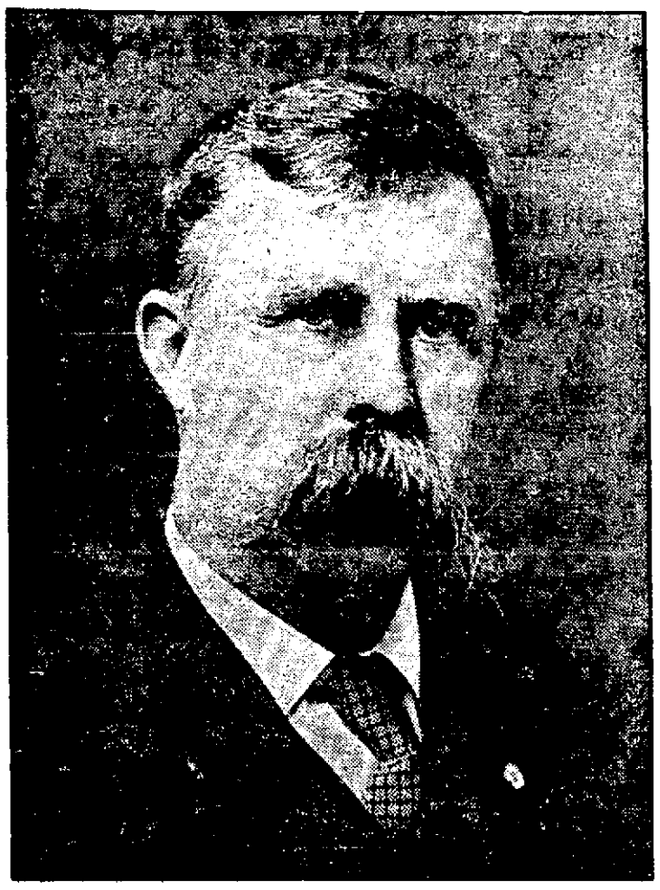

The City Light and Power works is the property of the people and its purpose is to serve the people. Keep these facts in mind. Remember that in whatever way you substantially support the Municipal Electric Light and Power system you serve your own material interests, advance your own prosperity and increase your own advantage and profit.

This City Enterprise can never take advantage of the people of Fort Wayne, can never get the best of them. They own it and they control its policies. Don't forget that. You have no voice whatever in managing any public utilities save such as are owned and operated by the people. Any other kind you simply patronize and from them take what you are given.

THE BEST MAN FOR COUNTY CLERK

In discussing the various candidates for county clerk one invariably hears the remark: "Well, Bill Clutter ought to be nominated and undoubtedly will be nominated."

Fact of the matter is, Mr. Clutter has received so much encouragement lately that he has every reason in the world himself to believe that he will get the nomination and no one doubts but what he will make the ticket strong.

There are several reasons why Bill Clutter (for Bill is the name by which he is known all over the county) should be nominated for county clerk. In the first place he has had about seven years' experience as a deputy clerk and has served throughout the administration of Mr. Gerding. He is, therefore, qualified to handle the office and it has been said of him that he knows just where to find every book and ledger in the Allen county court house.

Always a strong democrat, he has never faltered and has always been found working for the success of the ticket.

Mr. Clutter was reared in Perry township and has been in Fort Wayne for ten years.

In 1880 he cast his first vote, was a member of the Third Ward Voters' club, of which Charles H. Worden was secretary, and since his first vote has been a democrat through and through.

The Sentinel takes delight in presenting the name of William M. Clutter for the clerkship nomination and trusts that the voters will give him earnest consideration and support at the primaries next Friday. Bill Clutter deserves the nomination and the democrats of the county could make no better selection.

Possessed with the right kind of ability and a man who makes friends wherever he goes, Bill Clutter will make the best clerk the county ever had. His name will appear on the ballot and it should be the duty of every democrat to vote for him, for a vote for Bill Clutter means a vote for an economical administration.

SHOWS COAL MINE WORKING.

Remarkable Model Placed in National Museum in Washington.

Washington, April 2.—To acquaint those who know little if anything of the workings of a coal mine, the national museum here has installed an immense working model of a colliery and today began operations. Down to the minutest detail the model, a miniature colliery it should be called, for it is one twelfth actual size and occupies a space thirty by forty feet, is complete and all parts are faithfully represented even down to the railroad spikes. The various processes which coal passes through from the mine to the market, such as tipple, washery, coke ovens, etc., are illustrated and the miniature plant is operated for five minutes every half hour throughout the day. It is part of the exhibit in the new division of mineral technology.

SPRING OPENING DAY

THE MAN FOR THE PEOPLE

The trustee of Wayne township, to be nominated tomorrow at the primary, must be a man of sterling worth, qualified to handle the office, and a man who can understand the needs of the people. Such a man is Henry P. Scherer, one of the ten candidates for the nomination on the democratic ticket. He has proved his ability by his successful administration as mayor of Fort Wayne, during which time he so capably mastered the difficult situations which arose. A man who was a capable mayor of Fort Wayne certainly possesses the qualifications to successfully conduct the business that is a part of the trustee's duties.

The township trustee must be a man who can understand the needs of the people. Henry P. Scherer is such a man. He is a man of the people and for the people. He has always been known as a man with a warm spot in his heart for the poor, and his sympathy has taken the form of substantial relief for the needy. He knows the value of a dollar and if elected he will see that the poor are cared for, and will conduct the office with economy and as a successful business man should.

Mr. Scherer is asking for the suffrage of the voters because he feels and his friends feel that he is the right man for the place and a man who will add strength to the ticket.

HAD BANNER EVENING.

Revivals at West Jefferson Street Church Increase in Interest Each Day.

The revival meeting at the West Jefferson Street Church of Christ last evening proved to be the banner night in interest although the attendance was not large, due to the inclemency of the weather. There were three accessions for Christ made last evening, making a total of seven since the beginning of the special meetings Sunday.

Rev. O. E. Tomes, rector of the church, delivers a sermon each evening and is assisted by Miss Hazel Stanley, who also is director of the music. The dates of the meetings and the sermon topics are as follows:

Thursday, 7:45 p. m.—"Man—In God's Image."

Friday, 7:45 p. m.—"Man—Co-worker With Jesus Christ."

Sunday, April 5 (morning)—"What the Death of Christ Means to Me;" (evening), "The Lost Word."

Monday, 7:45 p. m.—"The Nature of the Christian Life."

Tuesday, 7:45 p. m.—"The Expression of the Christian Life."

Wednesday, 7:45 p. m.—"The Testing of the Christian Life."

Thursday, 7:45 p. m.—"The Sustenance of the Christian Life."

Friday, 7:45 p. m.—"The Value of the Christian Life."

Sunday, April 12 (morning)—"What the Resurrection Means to Me;" (evening), "The Unavoidable Christ."

MEET FRIDAY AFTERNOON.

Ladies' Society of Plymouth Congregational Church to Have Program.

The Ladies' society of the Plymouth Congregational church will meet Friday afternoon at 3 o'clock sharp at the home of Mrs. Robert Lyons, 428 East Washington street. The assisting hostesses for the afternoon are the Mesdames J. G. Schwarz, Charles Porter, A. E. Burry, Milyon Smith, Fred Crosby, D. B. Douglass and Mize.

An interesting program has been prepared and it will be mostly of a devotional nature, partaking throughout of the Easter spirit. Mrs. A. J. Folsom and Mrs. W. E. Mossman will take part in the program in the way of appropriate talks and readings. Mrs. Frysinger, the president, will read an original poem, entitled "Eastertide."

One of the other features of the program is a Biblical contest. Mrs. Yoder, of Decatur, will give several piano solos and Miss Iris Robison, also of Decatur, will give a vocal number. Sacred music on the victrola will add pleasure to the program and as a whole the afternoon will be a most enjoyable one.

275 TEACHERS TAKE SPECIAL

Fort Wayne Instructors Off to Annual Meeting in Indianapolis.

SEVERAL ON PROGRAM

Almost 275 teachers of the public schools of Fort Wayne and vicinity left this morning over the Lake Erie and Western railroad on a special train for Indianapolis, where they will attend the annual meeting of the Northern Indiana Teachers' association to be held at the capital city today, Friday and Saturday. Several teachers were detained on account of illness and others who could not leave this morning on the special train will start some time this afternoon or early tomorrow morning.

The schools of the city closed at noon yesterday so that all teachers would be given the opportunity of catching the special train this morning. The public schools in the country were not generally closed but all the teachers wishing to attend the convention were permitted by County Superintendent D. O. McCombs to close the school and attend. All the schools will reopen Monday morning as usual.

Several Fort Wayne instructors are on the program this year among which are Prof. O. L. Rogers, head of the writing department in the city schools and W. W. Knight, H. T. Purfield and Charles Agnew, all of the local public high school, will take part in the meeting of the art and manual training sections.

HAVE DEFECTIVE TEETH.

Millions of School Children Affected, Figures Show.

New York, April 2.—Figures compiled by the American Museum of Safety show that upwards of 12,000,000 school children in the United States have defective teeth. In many schools this represents approximately fifty per cent of the pupils but in some schools the number runs as high as ninety-eight per cent. In New York city 125,928 cases of defective teeth among school children were found.

J. H. GABLE FOR WAYNE TOWNSHIP ASSESSOR IS BEST MAN FOR POSITION

J. H. Gable, democratic candidate for assessor of Wayne township, is a democrat who is loyal clear through. He is a man of long experience in public matters and possesses every qualification for the office of township assessor. He spent seven years in the office of the Allen county auditor and there made a fine record for efficiency. Later he was employed in a responsible position at the Packard Piano works and for the past two years has been successfully engaged in the grocery business at the corner of Creighton avenue and Gay street. Mr. Gable is a citizen of progressive type and by training and ability is admirably fitted for the office of assessor in Wayne township. The township is the largest and wealthiest in the county and it is of vital importance to the people that a capable and experienced man should be elected to this office.

WERE RUNNING "OPEN" TOWN.

Entire Population of Blythe Junction Pleads Guilty.

San Bernardino, Cal., April 2.—Thirteen men and one woman, practically the entire permanent population of Blythe Junction, pleaded guilty here yesterday to various charges included in their general arrest for conducting an "open frontier town." Combined posses of San Bernardino and Riverside counties swept down on the settlement yesterday, taking the postmaster, David Moreno, prisoner with the rest.

Blythe Junction owes no definite allegiance to any county as no survey has been made to determine whether it is in San Bernardino or Riverside county.

PET ANTS CAUSE TROUBLE.

Escape of Pests Adds to Woes of Agricultural Department.

Washington, April 2.—Mrs. Charles W. Morse's pet ants, already the subject of many complexities, escaped in the department of agriculture today and threw the entomological office into an uproar. After an hour's pursuit they were recaptured and placed in a jar labelled "explosives." The legal officers of the department are trying to decide whether they must be returned to the banker's wife or excluded from the country as pests.

CAPT. WILLIAM F. RANKE WILL WIN BECAUSE HE IS THE PEOPLE'S CHOICE

Capt. William F. Ranke will be nominated for county treasurer in the democratic primaries tomorrow because he is the choice of the people of Allen county for that important office. Captain Ranke's candidacy has been made upon his merits. He has not made his canvass on any claim that he is a popular hero. There has been no "hot air" in his campaign. He has made his appeal to the voters solely upon the ground that his abilities as a business man, his long experience as a deputy in the treasurer's office and his sound character thoroughly fit him to be entrusted with the duties of one of the most responsible public positions it falls upon the people to fill. His long and devoted service in behalf of democracy fully qualify him to enter his claim to the support of all democratic voters. His nomination and election will furnish the most positive guarantee that the affairs of the treasurer's office will be administered faithfully and with executive ability that only an experienced man can give to his duties. Throughout the city and county the democratic voters have cheerfully given him their support and made certain his triumph in the primaries tomorrow.

Society

Nothing in the way of decoration more suitable for a luncheon for young girls just in the budding time of their lives can be found than the pastel shades in spring flowers and they were chosen by Miss Geraldine Bulson for a luncheon she gave for a number of her friends at 1 o'clock at her home today. In the center of the table stood a grouping of lavender sweetpeas, yellow jonquils, forget-me-nots, pink rosebuds and dainty Marguerites. They were arranged in a crystal holder that permitted the appearance of some of the flowers having apparently arranged themselves in a profusion below those of longer stem. Killarney roses in single stem vases stood near. The place cards were handsomely engraved in Miss Bulson's monogram. When the dessert was served individual favors were brought in in the form of white baskets filled with a variety of flowers, no two of which were alike. Mignonette, pansies, daisies, narcissus, rosebuds and other flowers of the baskets carried out the charming color plan of the luncheon. Miss Bulson's guests were Miss Marjorie Maharin, Miss Dorothy Detzer, Miss Hildegarde Wagenhals, Miss Dorothy White, Miss Jane Meriwether, Miss Persis Bond, Miss Jane Safford, Miss Elizabeth Porter, Miss Carlotte McKinnie, Miss Pauline Saylor, Miss Maribel Olds and her guest, Miss Etta Riley, of Larchmont, N. Y.

Mrs. Julia Fay Randall has returned from a trip to Miami, Fla.

The Winter Picnic club were entertained today by Mrs. Henry T. Stapleford.

Mrs. Clarence Schoo, of Wildwood avenue, has gone to New Albany, to spend a few weeks with her mother and sister.

Mrs. Frank Greenwell, of Huntertown, is visiting Mrs. Henry Colerick for a few days.

Mrs. David Linsey and two children have gone to Kentucky, to visit for three months with relatives near Lexington.

Clark Crocker, who had been visiting Kenneth Noble and his parents, Mr. and Mrs. W. K. Noble, has returned to his studies at Taft school, in Connecticut.

Miss Margaret Whitlock, of Zanesville, O., who was visiting Miss Alma Sharp, of West Superior street, has returned home.

Mrs. W. B. Merrill is soon going to Chicago to visit her sister, Mrs. Walter Barnes, who is about to move to Port Arthur, Tex., to live. Colton Merrill is at Auburn for a week.

Miss Dorothy Hill, daughter of Mr. and Mrs. Walter L. Hill, of East Berry street, will spend the Easter school holidays with relatives in New York. Miss Hill attends an eastern school.

Mrs. R. Parks White and Miss Ignota White have returned from visits in Mansfield and Ashland, O., and Pittsburgh, Pa. Miss Edith Koontz, of Mansfield, will soon be the guest of Mrs. and Miss White.

The active members of the Qui Vive club will give a progressive dinner on Saturday evening. The hostesses will be Misses Helen Strieder, Marjorie Maburin, Dorothy Heaton and Florence Pickard.

Local interest among college students concerning the annual play to be given by the Purdue Harlequin club at an early date, arises particularly because of the Fort Wayne boys who will take part: Ruch McClure, Howard Carter, Richard Bohn and A. B. Leiter.

Mrs. Howard Raymond, of Florida drive, entertained a few friends of Mrs. L. A. Rose, of Chicago, who is here on a visit to Mrs. Chester Schiefer, yesterday afternoon. A number of small parties have been given as compliments to Mrs. Rose.

Mrs. William Nelson Burritt, of New York city, is expected in the city next Sunday to remain two weeks and will be the guest a part of the time of Mr. and Mrs. Joseph Loos and family and the rest of the time with Mr. and Mrs. C. W. Sperry. Mr. Burritt is the voice teacher of Miss Helen Loos, who is to give a benefit recital in the Majestic theater on April 11, and Mrs. Burritt will remain until after the concert.

William J. Stone, who is to play Miss Loos' accompaniments, is also a singer who makes a marked success in southern songs and national folk songs. Mr. Stone will soon give a recital in Lima, Ohio.

Miss Jeanette, daughter of Mr. and Mrs. H. W. Glass, of West Creighton avenue, celebrated her eighth birthday anniversary yesterday afternoon by entertaining a number of her playmates and school friends. One of the games the children enjoyed was hunting for hidden eggs and after that they were invited to the dining room for supper. The children spent a happy time. The guests were Camille and Marian Robinette, Virginia Homsher, Elizabeth Hadley, Catherine Willson, Marie Danehy, Ramona Kerr, Florence Phelps, Olga Ludwig, Hildred Gruber, Lois Chambers, Marcele Bates, Elizabeth Jordan, Margaret Matlock, Lucile Countryman, Helen Rastetter, Mary Anders, Dorothy Locke, Elinore Crowe, Mary and Louise Larwill, Helen Tenney, Nell Bair, Frances Behan, Josephine and Miriam Dinklage, Grace Johnson and Harriet Montgomery.

Th[illegible]sts took their luncheon with th[illegible]cluding delicious candies with cayenne pepper centers, which was all right though hot, as cayenne is a good digester. But chocolate chips with pasteboard centers were not so inviting and much more provocative of conversation and laughter. But finally everyone quieted down to the extent of taking a hand in the game. Later in the day supper time came and then Mrs. Colerick had her inning, assisted by her daughter, Miss Helen Colerick. To be sure there was a plenty of good things that were not in any sense a part of the "fooling" but the guests were never sure until they tasted and looked over what they were getting. To wind up the frolic there were small boxes tied in white tissue paper and ribbon as if birthday gifts. The first package opened contained a green snaky looking object that jumped out so suddenly the woman who held it missed it altogether until it landed on the other end of the table. Other boxes proved equally entertaining so the wind-up of the supper was as funny as everything else had been. Members of this club are Mesdames Frank Greenwell of Huntertown; A. L. Johns, O. L. Hull, Cora A. Hunter, C. F. Pfeiffer, E. F. Sites, P. J. McDonald and Mrs. Colerick. Mrs. A. L. Griebel, formerly a member, was a guest during the early hours of the party yesterday.

Woman's League Saturday.

The next meeting of the Woman's league will be held on Saturday afternoon at 2:30 o'clock in the assembly room of the court house. The program is in charge of the philanthropic department, of which Mrs. B. K. Erwin is the chairman and Mayor Hosey will give an address on important and pertinent topics. The chairman of the Woman's Republic, Mrs. Pfuehl, will talk for five minutes concerning that organization. There will also be an executive meeting preparatory to the principal meeting. This will be at 2 o'clock and representatives from every club belonging to the league are requested to be present, as well as club officers. Visitors from rural clubs are cordially invited to be present at this meeting and hear the mayor's address.

Pretty Prima Donna Revives a Quaint Spring Hat Fashion

Ann Swinburne

New York, April 2.—Miss Ann Swinburne, the petite prima donna of "The Madcap Duchess," is the reviver of the 17th century millinery creation which, during the coming season, will be very much in vogue.

When Victor Herbert's book, "The Madcap Duchess," was given to Miss Swinburne, in order to study the characters about whom the book was written, she made a tour of France. In the Palace of the Luxembourg, Miss Swinburne saw the famous painting of "The Madcap Duchess," and from it copied the quaint headgear of the French duchess.

AT THE MAJESTIC.

The Great Griffith at the Majestic All Next Week With Daily Matinees.

Next week will be real loud laugh week at the Majestic. The attraction for the full week, with matinee and night performances daily, will be the Great Griffith, recognized as the world's greatest hypnotic operator. He not only demonstrates the scientific side of hypnotism, its scope and valuable uses, but couples the scientific with the comedy side and thereby makes an interesting and unique entertainment.

In giving his performance Griffith uses a number of subjects, invited on the stage from the audience, and with these under hypnotic influence has them doing almost everything an active mind can imagine. If there is anything humorous in his mind he has them following his suggestion with the result that their antics keep an audience in contagious convulsive laughter.

It will also be bargain week at the Majestic for an up-to-date spring style model Easter bonnet will be given away to some lady in the audience at each and every performance. These shapes and models are real nifty and up-to-the-minute and will be on exhibition in Saul's window on Saturday.

AT THE TEMPLE

A troupe of seven Arabian acrobats, the Bonamore troupe, who featured the Eva Tanguay road show all winter and who have been the sensation of the country since coming here two years ago, are the extraordinary headline act on the bill that opened at the Temple this afternoon. These wonderful ground and loity tumblers have some real thrillers in their list of stunts and their pyramid building is some class, the men mounting to their positions with a graceful skill that makes perfect the stage picture.

"Chums" is a comedy playlet that Henry Hurgrave and company are presenting. It is one of those live up-to-the-minute acts set in a handsome bachelor apartment in New York and replete with funny dialogue and laughable situations.

Lynch and Zellars, two clever club swingers and jugglers, do some nifty entertaining in a new way, while Ernest Duplie's line of talk in his monologue, is really funny, not pathetically so, as is the case with so many monologists, but actually roaringly funny, the sort of stuff that makes you glad you're alive. Curtis and Hibbard's singing is superb. They are both charming looking young women and both know how to sing their groups of comedy songs in a manner calculated to get the most out of them. A Keystone comedy photo play completes a bill that will prove a delightful entertainment the remainder of the week.

AT THE EMPRESS

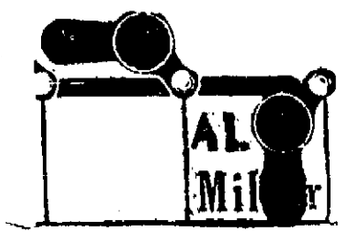

Following the second performance at the Empress tonight there will be dancing on the stage, and patrons present will be invited to take part in a perfectly conducted little dancing party that will continue from ten thirty until eleven thirty. This has grown to be a fad in some of the big eastern theaters, where the dancing craze is pronounced and it is believed that scores of little parties will avail themselves of this opportunity to both enjoy a show and the novelty of a dance on the stage. The Empress orchestra will supply the music for the dancing and the list of selections will include many late musical comedy successes.

Friday night will be "Surprise night," when twenty-five handsome presents will be given away, including a gold watch. This handsome gift is now on display in the window of the Besse Jewelery company. "Surprise night" will prove even more novel and funnier than the "Country Store." During the evening complete returns will be given from the stage from the primary, in which there is so much interest. As the polls do not close until eight o'clock the bulk of the returns will be received during the second performance, though the county polling places will have been secured earlier. If you haven't already enjoyed this excellent comedy bill, do so before the week ends, for there are more hearty laughs in this show than in an average half dozen rolled together.

Turn down Lever as shown below to vote for ALBERT T. MILLER for County Auditor, at the Primary.

ROBBERY IS KEPT SECRET.

Safe Blowers Operate in Heart of Indianapolis.

Indianapolis, Ind., April 2.—It became known here last night that on last Friday night safe blowers had operated in the center of the business district, secured $500 from the safe of the S. S. Kresge store and escaped. The store is located on Washington street, near Illinois street, and though the large safe was ruined by a charge of nitro-glycerine, no one heard the explosion. The police, in accordance with instructions from Supt. Perrott, did not make the story of the robbery public.

FEWER GEMS IMPORTED.

Value of Jewels Coming Into Country Shows Falling Off.

New York, April 2.—The total value of gems imported at this port for March was $2,995,996, according to the announcement today by W. T. Treadwell, jewelry examiner at appraisers stores.

For the first three months of the current year the total gem imports have been $7,130,561, as compared with $12,540,400 for that period in 1913.

It was denied by large importers that the decrease in the imports was due entirely to an increase in the smuggling of gems under the higher duty of the new tariff.

MAKES FIGHT ON MERITS

JOHN B. WYSS.

Within a few hours, the people of this county will have an opportunity to nominate three men for state representative. These men ought to be the best men the county possesses because some mighty big problems are coming up in the legislative halls next January.

John B. Wyss is one of the men who is aspiring for this nomination. He is the right kind of a man to send to the legislature. Why? Simply because he knows how to take care of any and all matters that may come before the general assembly and which must and should be decided in the interests of all the people.

John B. Wyss asks the people to vote for him tomorrow and it is right that they should. It is right that such men as Mr. Wyss should go to the legislature and have a part in making the laws of the great commonwealth of Indiana. Don't forget, Mr. Voter, the candidacy of John B. Wyss.

WILL JOHNSON FOR AUDITOR IS CERTAIN OF DEMOCRATIC NOMINATION

On the eve of the democratic primaries Will Johnson's nomination for auditor of Allen county is a practical certainty. His candidacy has appealed to thousands of democrats as that of a man who is in every respect qualified for the office and as a democrat whose loyalty and hard work for the party deserve substantial recognition. Four years ago he made the race and was defeated for the nomiantion by a narrow margin. He took his defeat with the good grace of an unswerving democrat and went into the campaign with all his energy and zeal to secure the election of his successful competitor and the whole democratic ticket. This was natural to him. He has always worked for democratic success. His nomination tomorrow will add strength to the entire ticket and aid to advance the cause of democracy in Allen county. He is picked for the winner because he will make as good an auditor as Allen county has ever had, because he is always for the party first and because in every way he deserves to win.

SLAYS WIFE; THEN HIMSELF.

Fear of Going Blind Drives Philadelphia Man Insane.

Philadelphia, April 2.—Hearing four revolver shots in quick succession early today a policeman and a nightwatchman broke into a house in West Philadelphia and found Alexander Galzer, 30 years old, and his wife, Julia, 28, dead from bullet wounds. In the house they also found crying the couple's two sons, six and eight, unharmed. Neighbors said the husband believed he was going blind and the police believe this belief disarranged his mind and led him to kill his wife and himself.

VOTES TO BUILD PARSONAGE HERE

Conference Takes Action for Crescent Avenue Church.

SESSION UNDER WAY

(Special to The Sentinel.)

Lima Grove, Ind., April 2. Delegates from 115 missions attending the annual conference of the Indiana Evangelical association, in session here, this morning voted to appropriate sufficient funds for the purchasing of a lot and the construction of a parsonage for the Crescent Avenue Evangelical church of Fort Wayne.

Rev. S. H. Baumgardner was reappointed to serve as presiding elder of the Fort Wayne district during the coming year. Rev. A. W. Metzner was reappointed presiding elder of the Elkhart district and Rev. J. J. Wise returns in the same office to the Indianapolis district.

Rev. E. O. Lauderman, pastor of the Bethel Evangelical church in Fort Wayne, is serving as a member of the conference committees and among the applicants for license to preach are Lloyd Lanner, of Syracuse; O. Lozier, of Bremen; Philip Hanley, of Goshen; Harry Myers, of Indianapolis; D. A. Nayer, of Mt. Carmel, Ill.; W. R. Kimmell, of Dayton, O., and Hibberd Eberhardt, of Indianapolis.

Bishop S. T. Spreng is presiding at the conference and delivered one of the principal addresses at the opening session, speaking principally on the missionary work of the denomination. Another of the leading addresses was delivered by Rev. W. A. Messerschmidt, superintendent of the Ebenezer orphans' home in Ohio. The conference voted to build a new mission at Evansville and one at Mt. Carmel, Ill.

"A preacher has no business to be a pessimist as he is sure to give his congregation the 'blues,'" said Bishop S. P. Spreng in his opening address. "The Kind of Man the Preacher Should Be" was the subject of Bishop Spreng's address. A preacher must be a Christian, a gentleman, a scholar and a man's man, and not a lady's man, the bishop said.

CHILDREN WHO ARE SICKLY

Mothers who value their own comfort and the welfare of their children, should never be without a box of Mother Gray's Sweet Powders for Children, for use throughout the season. Don't accept any substitute. Sample mailed FREE. Address Allen S. Olmsted, Le Roy, N. Y.

At the organization of the conference Rev. J. H. Evans, of South Bend, was appointed secretary. He selected Rev. A. B. Haist, of Huntingburg; Rev. G. C. Steele, of West Salem, Ill., and Rev. E. O. Lauderman, of Fort Wayne, as his assistants.

GRAND JURY IS SUMMONED

(Continued from Page 1.)

first degree murder to be lodged today against Trentman. The affidavit, sworn to by Chief of Police Charles Lenz, was taken before Judge H. Wayeland Kerr, in the city court, and a warrant for the arrest of Trentman was issued and placed in the hands of the chief. Judge Kerr at the same time entered an order to the sheriff that Trentman was to be held without bond.

Last Saturday, the day following the shooting, a charge of assault and battery with intent to kill was placed against Trentman in the city court and his bond was fixed at $10,000. Since then no effort had been made by friends of the negro's assailant to furnish bond and procure his release. It is held by the defense that Trentman was insane at the time of the shooting and therefore should not be allowed his liberty. The effort of Trentman's attorneys to get him removed to a hospital for better medical care failed because Sheriff Gladieux would not release his prisoner without bond or without an order from court to permit him to be taken from the jail. All efforts to secure his release were then abandoned.

Bruce's Death Public Surprise.

The death of Bruce was a surprise to the Fort Wayne public and announcement of it today inflicted a great shock upon the hundreds of friends of the man held as the slayer of the negro.

From the first it was recognized that the gunshot wound in the negro's abdomen was an injury from which the worst consequences were apt to ensue, but as the days passed and he continued to live it was believed his chances for recovery were improving.

Yesterday afternoon word from Hope hospital was to the effect that he had continued to gain. Early in the afternoon there came a change for the worse. His temperature began to mount and the attending physicians realized that a crisis had come. Every effort to combat the untoward condition was futile and the wounded man continued to sink until death intervened at 1:30 this morning.

Dr. C. T. Bruce, a brother of the slain negro, came here Tuesday from his home in South Carolina, where he is a practicing physician. He remained here until Wednesday, when he believed the injured man's condition was such as to warrant his leaving, and he then started for home.

Trentman Told of Bruce's Death.

It was late this morning before Trentman knew of the death of Bruce. Turnkey Michael Farnan took him a newspaper containing an account of Bruce's death. Later the turnkey went to Trentman's cell and asked him if he had read the paper. Trentman replied that he had and said he was sorry Bruce had died; that he had hoped the man might get well.

Trentman was much subdued, little disposed to talk and showed some increase of the nervousness that has marked his condition since he was arrested.

That his defense will be insanity is admitted. The night of the shooting half a dozen well known physicians were with him for several hours at police headquarters and carefully noted his mental condition.

The law firms of Leonard, Rose & Zollars and Colerick & Hogan have been retained for the defense.

Seek Bullet with X-Rays.

Dr. E. H. Kruse and Dr. J. E. McArdle, coroner and deputy coroner, today held an autopsy at the Schone & Ankenbruck morgue and determined that the bullet from Trentman's revolver had partly perforated the intestinal tract and caused an infection that produced death. The conclusion was that the missile had penetrated the outer layer of the intenstine and finally rotted the inner wall, producing a complete perforation. The exudation of intestinal matter was noted yesterday.

A most diligent exploration, however, failed to bring the bullet to light. The coroner and his deputy, assisted by Police Surgeon J. Frank Dinnen, worked for several hours trying to find the projectile and it was thereupon decided to resort to X-ray photography. A machine was procured this afternoon.

Shooting in Thronged Dining-Room.

The shooting of Bruce took place shortly before 8 o'clock last Friday evening in the dining-room of the cafe in the Anthony hotel. Trentman had with him two guests for dinner and he had repeatedly had words with the waiter at his table and with the head waiter, Bruce, about the service rendered. Trentman once or twice went to the desk in the office and complained to Manager Will Black.

Finally Trentman after some words with Bruce hurriedly left the table and going to the checkroom, called for his traveling bag. From it he took a 32-caliber Colt's revolver and returned to the dining-room. When Bruce again came near Trentman said something to him and then drew his revolver and fired.

The report caused something of a panic among the ninety guests at the tables, but no one thought the head waiter injured for he walked slowly out of the dining-room, across the corridor into the billiard room and there collapsed. He was hurried to Hope hospital, where Dr. M. F. Porter, sr., M. F. Porter, jr., Dr. B. P. Weaver and Dr. J. H. Gilpin attended him.

Trentman Leaves the Scene.

As soon as he had fired the shot, Trentman placed his revolver in his pocket and without overcoat or hat left the hotel. He walked east on Berry street to the alley and then north to Main street. He proceeded along Main street west to Harrison, where he went into Albert Heckler's liquor store. He excitedly told Heckler what had taken place, stating that he had just "killed a nigger" at the hotel. Heckler urged him to go at once and give himself up.

"All right, Al; I'll do that. You've got to go with me."

Heckler protested that he could not leave his place, whereupon Trentman is said to have flourished his revolver and told Heckler that he would kill him, too, if he did not go with him to the police.

Heckler pacified the distracted man, who then left and went west on Main street to Maiden Lane, where he met A. B. Jackson. While talking with Jackson Trentman was arrested by Detective Sergeant Immel, Rundell and Brennan, who had pursued him in a taxicab.

At 3 o'clock this afternoon the warrant for the arrest of Trentman on the warrant charging murder had not been served. There was felt to be no haste about the matter, inasmuch as he is already locked up and the sheriff under orders of court not to receive bail for him.

Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. attention to the rescue of guests. It was only this prompt action that prevented loss of life. Although no one perished in the flames, two were seriously injured. One of whom may die.

With the city crowded with winter visitors, hundreds of persons ran excitedly through the streets. Families became separated and personal effects were scattered everywhere. Adjutant General Foster established an information bureau in the plaza and every effort was made, with the help of the militia, to locate friends and relatives of inquirers.

Thought It Fireproof.

Among the first buildings destroyed was the St. Johns county court house, supposed to have been a fireproof structure. The ballots in yesterday's good roads bond election were in an open hall of the court house and but for the heroic efforts of County Commissioner Townsend would have been destroyed. It is not believed that records in the fireproof vaults of the county clerk will be damaged. The flames were controlled shortly after daybreak and lifting smoke revealed the burned area which had once been a show place of the oldest city in the United States.

When the fire attacked the Power Boat club building on the bay front it was the presence of mind of Charles Hopkins, manager of the races, that saved $50,000 in speed craft. Rushing to the boat house he cut the moorings of the valuable boats, and they sailed unharmed to a safe harbor in the bay.

Priceless treasures were destroyed when flames attacked the old Veder building, where curios of the Historical society were stored. Records of the old Spanish days which had long been viewed with interest by thousands of winter visitors, were entirely destroyed. The flames spread east and north, fanned by a stiff breeze and quickly destroyed the Genovar opera house, a large frame building. It was only through heroic work of the firemen that the Magnolia hotel was saved. This structure caught fire time and time again and was considerably damaged.

REA SAYS ALL ROADS FACE IT

(Continued from Page 1.)

testimony for the roads was concluded with his statement. Chairman Harlan and Commissioners Clark and Meyer were on the bench.

J. T. Wallis, general superintendent of motive power of the Pennsylvania, interrogated by Clifford Thorne, explained the steel cars and heavier locomotives had induced an increase in repair cost, while higher wages materially had added to that item of expense.

J. S. Rodgers, general superintendent of the Pennsylvania testified that "charges to operating expenses on the Pennsylvania system east of Pittsburg were $24,855,624 in 1910 a[illegible]1,210 in 1913—an increase of 18.5[illegible]ents." He said that expenses of m[illegible]ance of way during 1913 were much greater than ever before and probably would remain at the present high level because of large increases in wages; the policy of regulatory bodies, increased demands of the traveling and shipping public, the necessity for a higher standard of track structure and road bed on account of heavier equipment and traffic and the policy of eliminating grade crossings, establishing various safety devices and systems; straightening lines and similar works. He indicated also the higher cost of rails, ties and materials used in deepening road beds. He dwelt particularly upon the cost of safety appliances, demanded both by law and public sentiment.

President Rea said emphatically, in a carefully prepared statement, that not only the Pennsylvania, but all American railroads were confronted with the necessity of retrenchment, which might prove serious unless they were permitted to increase their net incomes.

WEST OF PITTSBURG.

Pittsburg, April 2.—Retrenchment on the Pennsylvania lines west of Pittsburg, as announced by the general offices here today, has already taken the form of twenty-five passenger trains with twenty-five more to be annulled April 5. Reduction in working forces began late in the fall and on January 1 last 13,000 less men were employed than on the corresponding date a year before. Since then there has been some further reductions until the working force is now down to what the officials describe as "bed rock."

with Bishop William F. McDowell, of Chicago, presiding.

This afternoon at the anniversary session of the board of education an address was delivered by Dr. Thomas Nicholson, George E. Gross, of Greencastle, president of the organization, presiding. The laymen's association also had its annual meeting this afternoon, the business session being presided over by A. B. Cline. Following this meeting the laymen and conference met in joint session to dispose of routine business and to select the conference city. The principal speaker of the day was Bishop Theodore S. Henderson, who delivered an evangelistic address and who tonight will also speak to the Freedmen's Aid society.

Rev. James A. Beatty, of Fort Wayne, superintendent of the Fort Wayne district, reported a gain in membership of 1,610 in his district. He extended an invitation from the church at Auburn, Ind., to hold the next session of the conference there. Delegates from that district started an active campaign to have the invitation accepted.

OFFICIAL FORECASTS.

For Fort Wayne and vicinity: Fair tonight and Friday; not much change in temperature.

For Indiana: Fair tonight and Friday.

For Ohio: Cloudy tonight; Friday fair.

For Lower Michigan: Cloudy tonight; Friday generally fair.

WEATHER CONDITIONS.

The storm which was central over this section yesterday morning has moved rapidly northeastward, increased in intensity and has given general rains over the Ohio valley, lake region and the north Atlantic coast states. Over northern New York and northern Michigan the rains have changed to some snow this morning. Fair weather is now general from the Mississippi westward to the Pacific.

While the storm has been followed by somewhat colder weather throughout the central states, no very cold weather is reported from any section of the country.

The Maumee river at Fort Wayne was at a stage of 14.7 feet this morning. As no further rain is indicated for the next day or two, the river will rise but very little more and by Friday will start to fall.

One of the biggest obstacles in the path of the Yankee golfers, in the international tournament at Sandwich, England, is Harry Vardon, noted English professional. Although defeated by Ouimet last summer, Vardon is considered one of the greatest, and, knowing the Sandwich course as he does, will make him a dangerous man.

GILBERT IS OUT AT TERRE HAUTE

Started Everything and Was Eventually Lost in the Shuffle.

WHAT PRESIDENT SAID

In making the transfer of the controlling interest in the Terre Haute club to a new stock company just formed there, one central figure in the early negotiations was lost sight of entirely and Rufus Gilbert, who had first expected that he would be manager and then had designs on a block of the stock when he started the organization of a new company, was entirely lost sight of.

Gilbert got his release from Denver and paid for it, and he seems to have been the only person who took his efforts seriously as he did not get even an honorable mention when the deal was closed. He has threatened to join the Federal league but he will not get back the $800 paid for his release by doing this as he has placed himself in a position where there will be no bidding for his services and no bonus for signing. It is possible that James C. McGill, owner of the Denver team, may return the purchase price to get Gilbert back to the Grizzlies for a season but this remote possibility looks like his only chance to realize on the money he invested on himself.

Regarding the transfer and other baseball doings in Terre Haute, the Star has to say:

"President Louis Heilbroner, of the Central league, talked with the new owners of the local club and after the conference said that the league was glad to have such men as those who have taken over the stock, in the league.

"'I had been told by several people before I came down here,' said he, 'that the sale of the club was a little weak and it was for that reason more than any other that I came. I have investigated the matter thoroughly and find that the deal is as bona fide as anything possibly could be. Moreover, I would like to say that the Central league is more than glad to have such men as these in the league, for they are all good sportsmen and are in the game for sport's sake. They have given their manager, Mr. Quinlan, who is, by the way, one of the best managers in the minor leagues, full sway over the playing end of the game, and I look for Terre Haute to be fighting for the pennant from start to finish.

"'As for the other owners about the circuit raising any objections, you can just state that there is absolutely no chance. It would necessarily take better men than those interested here to make any objections and there are no better men in the league.'

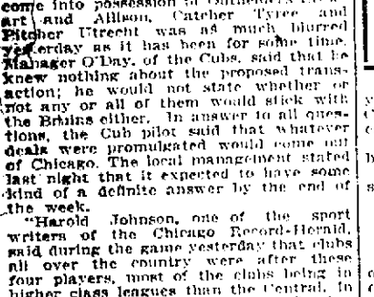

"The deal whereby the Tots were to come into possession of Outfielders Stewart and Allison, Catcher Tyree and Pitcher Utrecht was as much blurred yesterday as it has been for some time. Manager O'Day, of the Cubs, said that he knew nothing about the proposed transaction; he would not state whether or not any or all of them would stick with the Bruins either. In answer to all questions, the Cub pilot said that whatever deals were promulgated would come out of Chicago. The local management stated last night that it expected to have some kind of a definite answer by the end of the week.

"Harold Johnson, one of the sport writers of the Chicago Record-Herald, said during the game yesterday that clubs all over the country were after these four players, most of the clubs being in higher class leagues than the Central. In conversation with a local bug, Catcher Tyree is credited with saying it would do the Cubs no good to send him here, for if they did he would not report.

"The deal for Catcher Vann, with Sioux City in the Western league last season, and at present with the Indianapolis American association club, also is hanging fire. Vann is the property of the Terre Haute club but the Buffalo club of the International league refuses to waive on the man, with the result that the deal is tied up. Some definite action in this matter is expected by the end of the week also.

COLONELS LOOK PROMISING AND MAY GET TOWARD TOP IN 1914 CHASE.

(By Hugh S. Fullerton.)

Gilmore and his Federal leaguers were striking at the American and National leagues when they made their assault upon organized baseball, but the heaviest blow fell upon the class AA leagues, the American association and the International league. Just what effect the Federals have had on the class AA leagues is yet to be seen. One thing is certain, and that is that the Feds were not satisfied to upset the dope on the major league races. Put have spilled all the form of the International and the association.

The class AA owners are left in a sad state, being shoved back below the major-minor class by having the Feds placed above them.

But if you do not believe that the class AA leagues are trying harder than ever before to get good ball clubs, study what they already have done this spring. They have spent more money for players, have spent more on training their teams and have formed a closer alliance with the majors that insures their getting the best of the players who will be turned back by the majors. The Pacific coast league did not suffer so much from the raid of the Feds.

Louisville is making a desperate effort to get back toward the top. And Jack Hayden's team looks as if it will press the issue right from the start. The team is well conditioned, and the extra expense of training is well invested.

It has a strong squad of youngsters and the young pitchers are moving along well enough to suit the manager.

There are plenty of wise old heads in the lineup to help the youngsters along, and Severoid ought to be of considerable assistance to the young pitchers.

The way the Colonels have been batting along with the major leaguers this spring is an indication of unexpected strength.

Toney looks as if he might at last make good some of his great promise as a pitcher, and R. Clemons has shown a lot of stuff. Little O'Rourke promises to make good for the family in the west, and Osborn is promising.

JACK LEBER HAS GONE TO DAYTON

Fast Infielder Has Recovered from Injury of Last Year.

SAYS HE IS READY

Cleveland, O., April 2.—Jack Leber, as sound as he was when he reported to the Vets last spring, left here Wednesday to join the Vets at Dayton.

Leber broke his right ankle in a slide to the plate at Highland park last June. He has only played one game of ball since then. He gave his ankle a good long rest before attempting to use it.

He now walks without showing a sign of a limp. Neither does he seem afraid he will be injured again.

"I'm going down to Dayton next week and show them I haven't gone back one bit because of my accident," Leber said today. "I never played ball for as nice a fellow as Johnny Nee and I'll work my hardest for him this year. Johnny may have some cracking good third basemen there to dispute my old job with me, but they'll have to go some to win out."

Leber is looking fine. He is just about down to playing weight, has a good color and shows plenty of pepper when he walks or talks. He's had a good job here all winter so isn't worried about finances.

Little Jack held out on the Vets for a while this winter, but he meant nothing by it. He believes it every man's duty to make all the money he can. Hence he tried to pry a bigger contract out of the Vets. When he saw his efforts were useless he signed up and has forgotten all about the differences he had with the club.

Leber has the big league bug. He believes his injury last June kept him from going up. However, he believes it only held him back a year and that he will surely go up in the fall.

GEORGE NILL IS AFTER JOB HERE

Martin Will Decide as Building Up of Team is Up to Manager.

FIRST REAL WORKOUT

George Nill would like to play baseball in Fort Wayne, where he lives, and where he started on the lots and graduated from the Shamrock team into organized ball, and today he started working out with the squad of battery men who reported here early so that Manager Harry Martin and Coach Guy Sample can look them over.

Nill says he has his release from the Seattle club, and he talked over with Owner Claude H. Varnell the matter of signing here but the owner never interfered in such matters and the question is entirely up to Martin. Nill does not want to go to the coast this year and the Central league would suit him fine.

The new manager had his players on the Clinton street campus at 10 o'clock this morning and put them through a drill that lasted until noon, and ordered them to report again in the afternoon. All of the men warmed up their arms a bit but put in most of the time playing football, in which Bill Schneider and Eddie Wager shone brightly. They admit it themselves, and say that the reason they can show the others the route is because they played with Fordham. They still had an argument on about this at noon.

Guy Sample was out working with the other men and in the course of a day or two he and the chief will begin to look over the Harlers and the backstops. For a short time nobody is expected to show anything and it will take a bit of warm weather to enable the candidates to display their wares as none will be rushed in the matter of conditioning.

Although Owner Claude H. Varnell is not throwing any bouquets at the weather supplied, he and Bert Dennis held a little congratulatory session over the fact that the men were able to get on the lot for the first day of practice. This does not happen often in Fort Wayne.

The men who reported for work to the manager and coach today are Ainsworth, Atkins, Toothman, Taylor, Adams, Peterson, Cramer, Haines and Shady, pitchers, and Wager, Schneider, Heine and Beyers, catchers.

Orth and not arrived in time for the morning practice but will be in line tomorrow. Jack Baldy is working on the diamond and will have it in shape for the in and outfielders as soon as they report—provided he has good weather.

THE HEILBRONER BULLETIN.

The following umpires have been signed for the season:

Harry Geisel, George M. Ross, J. R. Goehler, and R. H. Morgan.

Morgan succeeds "Cuppy" Groeschow, who has been granted a leave of absence. Morgan was for a short time a member of the Central league umpire staff in 1912.

Groeschow is employed as foreman in a manufacturing business, and could not arrange to leave his position at the present time. Yours truly,

LOUIS HEILBRONER,
President Central League.

Coachers Can Not Stop the Runners When They Overrun Third or Turn Home.

Defining definitely the possibilities of the coacher is the most important change made in the baseball rules, according to a bulletin just issued containing a complete set of the revisions made in the code.

An entire new section has been added to rule 56, which relates to when base runners are out. It is known as section 17, the former sections 17 and 18 in the new rule books will be sections 18 and 19. The new section which governs the actions of the coacher, reads as follows:

If a coacher at third base touch or hold a base runner at third base, or a base runner who is rounding third base for the home plate, the umpire shall declare such a runner out.

When is a home run not a home run? That question in past years has been the subject of much comment. In past years section 2 of rule 48 which governs balls batted outside the grounds read as follows:

A fair batted ball that goes over the fence or into the stand shall entitle the batsman to a home run, unless it should pass out of the ground or into a stand at a less distance than 235 feet from the home base, in which case the batsman shall be entitled to only two bases.

There have been several cases where a batter, after making a home run by hitting the ball over the fence, has carelessly neglected to touch a certain base. In such a case, if a member of the team in the field called the attention of the umpire to the play it has been customary for the umpire to put a new ball in play, and upon a visiting player touching the base passed, to declare out the batter who hit the ball over the fence. The umpire in such plays has always quoted rule 56 to substantiate such a ruling. That rule relates to the scoring of runs, and specifically says:

One run shall be scored every time a base runner, after having legally touched the first three bases, shall legally touch home plate before three men are put out.

At a glance can be seen that these two rules conflict one states that the batter is entitled to a home run when he hits a ball over a fence which is the required distance from the home plate. Yet the other rule says a run cannot be scored unless the runner touches all the bases. Many managers have contended that since a home run entitled the batter to score it was impossible to put him out, regardless of his failure to touch the bases. The rules committee by the addition of one short sentence has made definite the duties of the batter after he hits a ball over the fence. The sentence which follows the rule quoted above reads as follows:

In either event, the batsman must touch the bases in the regular order.

Plays in which the batter interferes at the plate, have long puzzled many people who profess to know the game pretty well. Just who should be declared out on such plays has often created much argument and discussion. Reading rule 51 which follows would lead one to believe that the batter was always out. It is as follows:

The batsman is out if he attempts to hinder the catcher from fielding or throwing the ball by stepping outside the lines of the batsman's position, or in any way obstructing or interfering with that player.

A perusal of the above would make it seem that on all interference plays at the plate the batter was always out. Such, however, is not the case. Further down in the playing code, to be exact, section 15 of rule 56, we find another interpretation. That section reads as follows:

The base runner is out if, with one or no one out and a base runner on third base, the batsman interferes with a play at the plate.

Thus again we have a sharp conflict. One rule says the batter is always out when interfering with the catcher, then an exception appears. Briefly, the interpretation of the two rules is as follows: With runners on any base other than third, the batsman is always out when interfering with the catcher; with a runner on third and one or no one out, the runner is out if the batsman interfere with a play at the plate; with two out and a runner on third, the batsman is out if he interfere with a play at the plate. The rules committee got away with the conflict this year by adding the following clause at the bottom of section 5 of rule 51:

Except that the batsman shall not be out under this section if the base runner be declared out according to section 15 of rule 56.

Several years ago the rules committee decided that any time a fielder stopped a ball by throwing his glove or cap at the ball the batter was entitled to three bases. No action was taken on a thrown ball. Umpires in the big leagues in the few instances that such a play has come up, have always granted the runners two bases, just as if the ball went into the stand or players' bench, which is the rule covering that point. This year the committee has incorporated a clause in the code which governs the throwing of a cap or glove at a thrown ball. Section 6 of rule 54 now reads:

If a fielder stop or catch a batted ball with his cap, glove or any part of his uniform, while detached from its proper place on his person, the runner or runners shall be entitled to three bases if a batted ball, or two bases if a thrown ball.

The rule relative to an umpire being hit by a thrown ball has been changed entirely. Under the old ruling the ball was only in play when it struck the umpire while on foul territory. Section 7 of rule 54, which covers this play, has been radically changed, and the new section now reads:

If a thrown or pitched ball strike the person or clothing of the umpire, the ball shall be considered in play, and the base runner or runners shall be entitled to all the bases they can make.

In only one instance can the umpire now figure in a thrown ball play. If, while working back of the bat, his person or clothing interfere with the catcher in an attempt to throw, then play shall be suspended, no base run, and the player entitled to return to his base without liability to be put out. This feature will be covered by section 1 of rule 55, which will now read:

If the person or clothing of the umpire, while stationed back of the bat, interfere with the catcher in an attempt to throw, the base runner shall return to his base without liability to be put out.

Under the old ruling the catcher could address remarks to the base runner only; the new ruling is not quite so strict, it also permits talking to the batsman. This right to the coacher will be contained in the first sentence of rule 58 relative to the coacher. It will read as follows:

A coacher may address words of assistance and direction to the base runners or to the batsman.

Last year a rather peculiar play came up in one of the prominent minor leagues. With men on second and third and one out, a ball was hit to the shortstop, who, in trying to get the runner at the plate, made a weird throw over the catcher's head, the ball sticking in the wire netting which protects the grand stand patrons. The runner on second, seeing this, slowed down considerably. The wise catcher gave the netting a shake and the ball dropped down. Picking it up, he threw to the pitcher, who covered the plate, and the runner originally on second was tagged out at the plate.

The umpire ruled that the batsman was safe. He argued that, had the netting not been there, the ball would have gone into the stand, and that on balls thrown into the stand runners are entitled to advance two bases, and that, since the netting was simply for protection, not to make the throwing of the ball into the stand more difficult, the runner was entitled to two bases. He was upheld in his ruling by the league president. This year the rules committee has covered this point by adding the following sentence:

Or remains in the wire screen protecting the spectators, the runner or runners shall be entitled to two bases.

LEFT GREAT RECORD.

Chicago, April 2.—Statisticians today figured that during the fifteen years he was a professional baseball pitcher George Edward (Rube) Waddell, who died yesterday in a sanitarium at San Antonio, Tex., pitched to 13,742 batters. It was figured the batters made a total of 2,299 safe hits, an average of only .250. The hits were spread over 469 games and netted 1,121 runs, about 2.71 runs per game.

Waddell was born in Butler, Pa., Oct. 13, 1876. When 20 years old, or in 1896, he pitched his first professional ball with the Oil City (Pa.) team, and the next year, after a brief career with the Volant college (Pa.) nine, he entered "big league" baseball as a member of the Louisville National league team. The pace in such fast company was a bit too fast for him, however, and after a few weeks engagement with Detroit he returned to his native state and joined the Homestead team.

In 1899 a scout for the Columbus team recommended him and he was drafted by that organization. The next year he was attached to the Louisville club, but when the Louisville players were transferred to Pittsburg he went along. The American league war, signal for a general period of players' "jumping" gave Waddell the opportunity for another change and he became a member of the Milwaukee club in 1900.

Waddell joined the Chicago Nationals in 1901 and pitched a few great games for the team under Jack Doyle. In 1902 he jumped the Chicago club to the Los Angeles "outlaws," but again returned to organized ball, joining the Athletics.

From 1902 to 1908 he was a star of Mack's team and then, showing indications of a return of his old habits, Waddell was sold to the St. Louis Americans. A flash of his famous skill helped the Browns in the great battle they made for the American league pennant in 1908, but at the end of the next season he was released to Newark.

The Minneapolis club bought Waddell in 1910 and he was two years with that club. Illness began to get the better of him and last spring he was added to the roster of the Minneapolis Northern league club. Last fall M. E. Cantillon, of the Minneapolis club, sent Waddell to Texas in an effort to prolong his life. Waddell at the time considered his days as numbered and told friends that he was soon to die.

OUT TO SEE OPENING.

New York, April 2.—New York's first game of big league baseball in 1914—the opening of a pre-season series between the New York Americans and the Brooklyn Nationals, drew fans toward Ebbetts field, Brooklyn, today, notwithstanding threatening weather. The day was dedicated primarily to Wilbert Robinson, the Dodgers' new manager.

THORNE MAKES CHARGE BOLDLY

Says Railroads Are Taking Retrenchment Action for Rate Effect.

WASHINGTON GOSSIP

(By Gilson Gardner.)

Washington, April 2.—That the railroads have deliberately misrepresented their financial condition and are now laying off men merely to create a false impression of poverty for its effect on their plea for increased freight rates is the charge boldly made before the interstate commerce commission by the greatest present-day authority on railway economics, Clifford Thorne. Mr. Thorne is chairman of the state railway commission of Iowa, and the official representative of the National Council of Farmers' Grain Dealers' association, the National Livestock association, and also representing the organized shippers of seven western states before the commission. In an array of sworn testimony, including figures and facts, he showed that the railroads have deliberately misrepresented in stating that their expenditure for labor and upkeep has cut down their net revenues.

"The carriers," said Mr. Thorne, "have given the impression to the country at large that the increase in the cost of labor and supplies without any general advance in freight rates being permitted during recent years has caused a constantly declining net revenue or margin between earnings and expenses. This proposition has been repeated in various forms and has had a profound effect. The exhibits which I offer in evidence, compiled from the sworn reports of these very carriers, demonstrate that while their expenses have increased, the increase in their revenues has been greater, resulting in a constantly increasing net revenue. Last year their revenues above all operating revenues—their net revenues—were greater than for any other year in their history with only one exception, 1910. Their net revenues have increased as much during the past fifteen years as they did during the preceding seventy years."

* * *

Statesmen who are edifying their constituents with representations that they are the mouthpieces of the administration and that they are in any way authorized to speak for President Wilson, got a left-hand jolt this week when the president told the newspaper callers that the only mouthpiece of this administration is the tongue with which the Almighty had equipped one Woodrow Wilson. Senator Duncan U. Fletcher has been mouthpiecing some in Florida and this is respectfully referred to the attention of his constituents.

* * *

The big railroads terminating in Washington—the Pennsylvania, Baltimore and Ohio, Chesapeake and Ohio, and others—are obeying the new woman's eight hour law in the District of Columbia by cutting the wages of women car cleaners. These women are paid by the hour and have been reduced from a ten to an eight-hour hour day, getting now $7.20 a week instead of the former $10.50. As there are forty-five of these women the total cut amounts to $7.72 a year which the railroads are taking out of their women employes. These facts have been formally laid before the interstate commerce commission by Constance D. Leupp, president of the district branch of the National Consumers' league (which secured the passage of the eight hour law), who is urging that railroads which are practicing this kind of "economy" are not deserving of any increase in freight rates.

* * *

A small shipper living in Chicago, and protesting against the "trap car" and "car spotting" practice for the big shippers there, writes to the commission, saying: "I hire five teams to haul my freight. My teams back into my shipping door and I pay all the expense of loading my own wagons. I pay for the use of my wagons. I pay for the property where these wagons are loaded. I pay to maintain the alley abutting my property. I pay for the use of wagon and driver to take freight from my place of business to the freight house. I pay for time of wagon and man while waiting at the freight house to get to the door to be unloaded, and when I ask my driver why he is delayed, he says only three doors out of twenty were open, and that there were two men trucking freight from each door; the balance of the men were unloading trap and tunnel cars."

Then the writer contrasts the expense to the big shipper, who has all this work done free at the expense of the railroads.

Precious Health for Men.

If a valuable secret of health was revealed to some men would they profit by it? Thousands fruitlessly pursue pleasure, because their recuperative powers and endurance are not in the same condition as in youth. There comes a time in every man's life when help is required if he would enjoy life's greatest functions keenly and feel the rich, red blood surging through his being and radiating his power and vitality through the flash and fire in his eye, the smile of confidence and strength in his face and the vigor and vitality in his manly walk and carriage.

The help required in the vast majority of cases may be said to consist of an artificial aid to nature in the form of medical treatment for the specific purposes of transforming, through the vital organs, such as the stomach, liver, kidneys, heart, etc., the food and drink partaken of so that the blood receives an increased proportion of those elements necessary to the fulfillment of man's duties in the intensity of spirit as manifested in those of perfect health, be it work, recreation or pleasure. Nothing more valuable and certain for such a purpose is the formula much prescribed by a famed physician, but which can be prepared by anyone at home, or by a well stocked pharmacy. Mix three ounces of compound syrup of sarsaparilla with one ounce of compound fluid balmwort and let stand two hours. Then add one ounce each of compound essence cardiol and one ounce tincture of cardamens compound (not cardamom). Shake before using and take a teaspoonful before or after meals and one when retiring. Anyone can mix this and the results from its use are truly astonishing.

Columbia City, Ind., April 2.—J. W. Johnson expects to leave soon for the southern part of the state to operate a novelty store. He has sold his residence here to Theodore Cullers and will leave in a few weeks.

Ingram Merriman, who suffered a stroke of paralysis Saturday, is gradually nearing the end.

Councilman John Kunberger is confined to his home with a very serious attack of tonsilitis.

Charles Combs, of South Whitley, who took eighteen bichloride of mercury tablets and still lives to tell the tale, was taken from the Aaron Martin home north of that city, Tuesday, to the home of his sister, Mrs. O. H. Bowman, near Pierceton. Combs took the poison with suicidal intent, but skillful medical aid has stayed the trend of the drug.

The Presbyterian Brotherhood met Wednesday evening and was addressed by Prof. Harold E. Chapman on the subject "Storms."

Walter Ramsey and wife, of Thorn creek township, are the parents of a baby girl that arrived Wednesday.

Mrs. Ila Phillips, west of the city, has registered the name of her farm as "Buena Vista Stock Farm."

Miss Marie Warren, of Garrett, arrived here Tuesday evening to visit her aunt, Mrs. Mary L. Berry.

Mrs. Abraham Elder, who has been suffering for several months from rheumatism, is taking electrical treatment at the home of a niece, Mrs. Ona Cox, at Fort Wayne. She is past 76 years of age and has been in feeble health.

Forty-three remonstrators filed their objections Tuesday through their attorneys against the proposed Blue River ditch. The project affects 650 people and less than a hundred have remonstrated, so the probabilities are that the ditch will be put through in the least possible time. The total sum of the damages asked is over $150,000, individual suits ranging from $200 to $15,000. The proposed cost of the project is about $170,000.

Mrs. Justus Sherwood entertained sixteen members of the Priscilla Embroidery club Wednesday afternoon.

The Walnut Corners club met Tuesday with Miss Ella Roberts, and one visitor, Mrs. Alma McConnell, of South Whitley, was present. Several contests were held and a lunch served.

Michael Effert received word Tuesday that his sister, Mrs. Kate Reinhart, of Chicago, was seriously ill. Mr. Effert left at once for the city.

Timothy Kinney, who has been making his home with his son-in-law, Ed Flynn, and wife, of Coldwater, Mich., arrived here Tuesday night to spend several days with friends of his former home. He is 73 years old and feels in much better health than he has for a couple of years.

Mr. and Mrs. Neil J. Howard arrived home Tuesday evening from Kendallville, where they attended the funeral of Henry A. Smith, father of Mrs. Howard. Mrs. Howard had been at her father's home for the past three weeks.

Dr. Ben Linvill, of this city, assisted by Dr. Lewis Feuard, of Larwill, performed an operation for appendicitis upon Miss Lottie Cunningham, of the latter place, Wednesday.

Miss Lola Raber entertained the Kneedle and Knot club at her home Tuesday evening.

Ed Nutt, who had his right thumb smashed a week ago while handling some heavy timbers, is still suffering from the accident and unable to use the hand.

E. E. Richmond and wife were called to Larwill Wednesday by the serious illness of her sister, Miss Anna Baker.

Mrs. D. C. Roser and children have left for Kendallville to visit her parents, Mr. and Mrs. Henry Williams, and her husband's mother, Mrs. Emmeline Roser.

Supt. Julius C. Sanders and wife left Wednesday for Indianapolis to attend the convention of the state teachers' association. Supt. A. R. Fleck left Thursday morning for the same place.

Clarence Eisman went to Plymouth Wednesday to assist in a closing-out sale that is being held by Henry Roney, of this city.

Mayor Frank L. Myers entertained several guests at a cabaret in his confectionery parlors Wednesday evening.

Mrs. C. J. Evanson and sister, Miss May Kanaley, went to Auburn Wednesday to attend the funeral of Mrs. I. O. Bachtel.

Ten delegates of the Modern Woodmen order met Wednesday afternoon at a county meeting and selected Frank Meitzler, the well known druggist, as a delegate to the state convention at Washington, Ind., on May 6. Harrison Messner was chosen as alternate.

Mrs. Fred L. Hendricks went to Fort Wayne Wednesday to visit her mother-in-law, Mrs. F. S. Hendricks.

The condition of Mr. and Mrs. Charles H. Pond, who are bedfast, suffering from general senility, remains much the same. Both are well past the 80 mark and are very feeble. A nurse is in constant care.

Merrill Doriot is rapidly gaining strength and will soon be able to venture out of doors, although his three months' confinement from typhoid fever and pneumonia has greatly weakened him.

FAVORITE AMONG SURVEYORS.

Going before the people with more recommendations from surveyors than any man that ever entered a primary election is something more than usual.

John A. Bushman has been prevailed upon to run for county surveyor. Long before he would consent to become a candidate his ability along with his frankness, honesty and progressive spirit makes him the logical candidate for the office.

THE PEOPLE'S CHOICE FOR STATE SENATOR

OHMIG BIRD.

Ohmig Bird, who has announced his candidacy for the nomination for state senator, is a native of Fort Wayne. In 1892 he was elected member of the state senate and served during the sessions of 1893 and 1895, to the entire satisfaction of his constituents. Several times he was elected committeeman of his party and at all times has given faithful and efficient service. He was always on the right side of all questions concerning the welfare of the people and every citizen may feel perfectly safe in rendering him his support.

H. A. WETZEL
FOR COUNTY COMMISSIONER.

As the campaign is at hand we wish to call the attention of the democratic voters to the name of H. A. Wetzel, of St. Joe township, as a man well able to discharge the duties of the office he seeks. Mr. Wetzel has been a resident of St. Joe township for a period of forty-two years, has always been a staunch democratic worker and has friends in all parts of his own township and the county. He is in this race on a good, clean man to man contest and uses no underhand tactics to get the support of the voters, to gain what votes he will get. If nominated he will make a good commissioner and one the democratic voters can feel safe in placing on the ticket. As to his knowledge in the affairs of the work to be done, he is well versed and has made a careful study as to the needs of the people and will, if nominated and elected, do all within his power to use his best judgment in all county affairs, with always in mind to save the people money and time. At the primary, April 3rd, he asks the voters to consider his name and use their best judgment in voting for the commissioner of the Second district.

TO THE VOTERS OF WAYNE TOWNSHIP

In announcing my name as a candidate for the democratic nomination for trustee of Wayne township, I do so without the record of an ex-county township or city official. However, I have been an employee of the Adams Express company for thirty years and before being promoted to express messenger on the Pennsylvania lines between Chicago and Pittsburg I drove a wagon for the company for thirteen years in Fort Wayne. This city has been my home during the entire thirty years. I am confident that I am worthy and well qualified to fill the office I am seeking, and I hope most sincerely that the democratic voters of the township will give me their support at the polls next Friday. I am confident that, if I am nominated and elected to the office of trustee, Wayne township will never have cause to regret its action. Very truly yours.

THREE MORE PROMOTIONS

C. L. Hamilton, E. M. Reese and H. E. Hart Take Better Jobs on Pennsy.

WABASH SHOP FORCE TO BE REDUCED

Upwards of Twenty-five Names to Be Stricken from Pay Rolls.

Upon his return to his office this morning, after an absence of a couple of days, Supt. W. M. Wardrop, of the Pennsylvania, announced the promotion of three employes who have been with the company a number of years and have demonstrated by actual service a loyalty and efficiency which entitles them to recognition. The promotions are the result of the transfer and promotion, Trainmaster J. F. Patterson to the superintendency of the Peoria division, the Vandalia, mentioned yesterday they are as follows:

C. L. Hamilton, appointed trainmaster of the Western division, succeeding Patterson.

Edward M. Reese, promoted to assistant trainmaster to succeed Mr. Hamilton.

H. E. Hart, promoted to chief train dispatcher to succeed Mr. Reese.

These appointments became effective April 1 and the appointees have already assumed their respective duties. So familiar are they with the conditions attending each office that the change has been made without the least break or hesitation in the operation of the departments affected. As each man began his railway work with the company and never had other employer, it can be said of him that he is a product of the Pennsylvania school of efficiency and is signally qualified to perform all duties assigned him.

C. L. Hamilton, who is a native of Waynesville, Ohio, commenced work on the Pennsylvania Southwest system as a messenger in the telegraph office at Xenia, Ohio, in August, 1887. From that date until March, 1901, he was in the order named a student an operator and clerk on the Cincinnati division. In March, 1901, when J. G. Jennings became division operator at Fort Wayne, he called Mr. Hamilton here as operator and clerk, a position he held until June, 1902, when he was advanced to train dispatcher. August 1, 1904, he was appointed assistant trainmaster, which position he retained until the promotion received yesterday.

Edward M. Reese, the new assistant trainmaster, will have jurisdiction over the trainmen, who will make their reports directly to him. He was born and reared in Columbia City and learned telegraphy there. His service with the company commenced October 1, 1901, when he became a telegraph operator at Doesse. From January, 1903, to April, 1909, he was a copy operator in the Fort Wayne office; from April, 1909, to November 30, 1912, a train dispatcher, and from December 1, 1912, to the present, he was the chief dispatcher.

H. E. Hart, the chief train dispatcher, was born at Wheeler, Ind., March 27, 1882. He acquired the art of telegraphy while attending school by spending his spare moments in an office, and June 26, 1901, took employment as a telegraph operator with the company, working at different points on the line until April 8, 1906, when he was called to the main office in Fort Wayne as a copy operator. From August, 1909, to November, 1912, a train dispatcher, and from November, 1912, to his present office he served as a power director, having the third "trick."

NO GENERAL SHUT DOWN.

Shops Will Not Close for Primary Elections.

There will be no general suspension of operations at the railway and other shops in Fort Wayne tomorrow on account of the primary election. As the polls will be open until 8 o'clock in the evening, the management of the shops claim they can keep within the law by allowing the men to work until 4 o'clock and acting upon this version of the law the Fort Wayne Electric works has posted bulletins in the shops to the effect that the whistle will blow at 4 instead of at 6 o'clock tomorrow night. The Pennsylvania shops will probably be operated upon a similar schedule and the Wabash shops will work until 5 as usual, allowing the men to use their pleasure about laying off. The freight houses will be open to business as usual, the employes preferring to work full time and vote afterwards. The same rule will be in force in most of the industrial plants, leaving it to the men to decide whether they work or not.

WILL LAY OFF MORE MEN.

If a large number of railroad men and others depending on railroads for every character of supplies and work are out of employment, if a general loss of confidence exists and suspicion has been engendered, no attempt must be made to place responsibility upon the railroad managements. They have issued warnings and made petition for fair dealing, but without effect. The time has come when all fair-minded men, and investors as a whole, must individually and collectively impress on state and federal senators, representatives and government that they are a part of the nation, entitled to at least fair consideration."

GOING TO NEPHEW'S FUNERAL.

Agent George F. Becker, of the Adams Express company, and Mrs. Becker left this afternoon for Lockville, O., where they will attend the funeral of his nephew, Hubert Becker, whose death was the result of an accident. On Wednesday, March 25, Mr. Becker was trying out a young horse at Columbus, O., he had just purchased as a present to his wife. The animal became frightened and ran away, throwing Mr. Becker out in such manner that his head struck the curbstone and the skull was fractured. He never regained consciousness and died Tuesday night. The man who had been with him in the buggy escaped unharmed. Hubert Becker was 29 years old and resided on a farm near Lockport, O., where he was held in the highest esteem by the citizens.

G. R. & I. PAY CAR.

The itinerary for the Grand Rapids and Indiana pay car is out. The car will reach Fort Wayne from the north Friday afternoon and remain until 6:50 o'clock, paying employes in the mean time. It will then go to Richmond, stay over night and start north early Saturday morning, paying employes en route. The notice does not mention the time of paying Pennsylvania shop employes, but it is likely that payment there will commence as soon as the car reaches Fort Wayne Saturday morning.

SOME CHANGES ON BIG FOUR.

Thomas Riley, who was yardmaster at Lafayette for the Big Four several years and an employe of the company thirty years, resigned Tuesday and was succeeded by Warren A. Sayler, of the Riverside yards near Cincinnati. Edward N. Burke, a freight conductor, has been appointed yardmaster of the Monon at Bedford.

DROPPED OUT ONE YARD ENGINE.

Because of a falling off of traffic at Fostoria, O., the Nickel Plate has taken the night yard engine and crew at that place out of service. The day engine and crew will continue at work as usual.

WABASH SAFETY MEETING.

The division safety committee of the Wabash is holding its monthly meeting at the Anthony this afternoon. Supt. J. C. Sullivan is presiding and most of the members are present.

WILL GO TO TEXAS.

C. H. Stauffer, a boilermaker at the Wabash shops, will leave the early part of next week for Galveston, Texas. He has relatives down there and will spend about two weeks with them.

INDUSTRIAL NOTES.

J. Keslip, who had been sick, has recovered and resumed work in the Pennsylvania machine shop.

Boiler Foreman C. F. Eichles, of the Wabash shops, has returned from Decatur, Ill., where he spent several days on business for the company.

A. R. Zuber, a tallyman at the Pennsylvania freight house, is recovering from a severe illness which has kept him from work for over two weeks.

C. E. Dale, ex division storekeeper of the Wabash, went to Toledo this afternoon to look after some private business and visit friends.

T. G. Kenworthy, scale inspector for the Wabash, was in the city today on business connected with his office. New scales were recently installed in the city.

Guy VanBuskirk, an electrician at the Pennsylvania power plant, has been out with Vice President J. J. Turner's special train on the inspection trip over the Grand Rapids and Indiana road.

Supt. W. M. Wardrop and Division Engineer Guy Scott, of the Pennsylvania, have returned from Indianapolis, where they attended to some railway business yesterday.

Mrs. T. C. Steger, wife of the Wabash tinshop foreman, and Mrs. Charles Barrick, wife of the Pennsylvania engineer, will go to Chicago Sunday to spend three or four days with relatives and friends.

E. M. Pence, who was taken violently ill at the Fort Wayne Electric works a few days ago and had to be taken home in an automobile, is still so ill that he is not able to report for duty, though he is improving.

E. F. Needham, superintendent of motive power of the Wabash, headquarters in Springfield, and G. E. Contant, general inspector of the locomotive and car departments, also of Springfield, are in the city today on business for the company.

James Callahan, chief dispatcher of the Eastern division of the Nickel Plate, is spending a vacation in the city and watching the fight for political honors. He is the father of Stephen A. Callahan, one of the candidates for prosecuting attorney on the democratic ticket. Mr. Callahan resided here many years.

The General Electric Lamp works are installing some exhausters for making lamps, which will be a great labor saving feature in the operation of the shops. The machinery will accomplish the work of many girls and do it well, too.

An old time conductor in Indiana was G. B. Hewett, who was buried at Montgomery, Mich., yesterday. For many years Mr. Hewett ran a train on the old Cincinnati, Wabash and Michigan road. He was stricken with paralysis in 1889 and was unable to work ever since. Mr. Hewett belonged to the Elkhart division of the O. R. C.

By good and prompt work the fire department of Peru saved the Wabash company a heavy loss Monday. A car loaded with lumber was discovered on fire while the train of which it was a part was several miles from Peru. A telegram to the train dispatches brought an engine and hose cart to a street crossing and when the train reached that point it was stopped with the burning car handy to the firemen. The fire was extinguished after it had damaged the car and cargo several hundred dollars.

ENDORSED BY THE DEMOCRATS OF WAYNE TOWNSHIP.

Ralph W. Guenther, in seeking re-nomination for county surveyor on the democratic ticket at the primary to be held tomorrow, is asking for that which his predecessors, Charles Bransirator, John A. Bushman and David F. Spindler, received without opposition.

John A. Bushman, who has seen fit to come out against Mr. Guenther for nomination, was county surveyor three terms and is at present assessor for Wayne township. He has been in office so long that the mind of man runneth not to the contrary. Ralph W. Guenther never asked the voters for any other office.

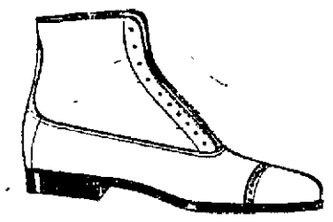

Ralph W. Guenther is qualified by experience and ability for the office. This he has demonstrated in the extensive work in roads and ditches in which he has made a greater record than any of his predecessors in office. A large amount of road and ditch work is now pending and it would be unwise to place new and untried men in the office at this time.

Ralph W. Guenther is of German parentage and was born and reared in this county. He has always worked hard for the success of the democratic ticket. He is not financially able to make a fight for renomination which was given to his predecessors without opposition. He deserves a handsome endorsement at the primary and his friends predict that he will be an easy winner.

His name will add greater strength to the ticket than the name of an unskilled and untried man who is unknown among those of democratic faith, and will also add greater strength to the ticket than one who has been a continual officeseeker and officeholder. Yours,

A Democrat of Wayne Township.

Indianapolis Water Co.
After Severely Testing All Coals
Selects Tecumseh Coal

This immense concern, supplying water to all Indianapolis - using thousands upon thousands of tons of coal annually - decided last week to use Tecumseh Coal in preference to any and all other coals mined. They placed the contract with us only after testing Tecumseh Coal long and severely - only after it had proved its marked superiority as a steam and power producer - only after it proved its wonderful B. T. U. development.

Their tests proved that not only is it best for the Indianapolis Water Co. to use our coal - but that it is best for you and every other buyer of steam coal to use

Tecumseh Coal

Direct From the Mines---In Carload Lots

Think what you save! All the coal jobbers' and wholesalers' profits! A big part of the freight charges you would have to pay for Eastern coal of similar quality for our mines are right next door to you—right near Vincennes. Moreover, we guarantee Tecumseh Coal to develop 12,100 B. T. U.'s to the coal pound. And we guarantee on time deliveries.

If you cannot use a whole carload yourself, split it with a neighbor or two. This is an easy, sure way to cut coal costs way down.

Note these LOW CONTRACT PRICES—F. O. B. Mines:

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, April 2.—Export sales at Omaha rallied the wheat market today after an easy start. There were also predictions that world shipments would be light. Prices opened ⅛c to ¼c lower but then advanced gradually to above last night's level.

The close was firm, ⅛c to 1 1/16@⅝c net higher.

Bullish Argentine news regarding prospective shipments to North America during April and May gave corn an upturn. The market opened a shade lower to ⅛@¼c higher and soon rose all around.

The close was steady at ¼@⅝c net advance.

Oats, although dull, were firm.

Provisions developed strength with hogs and grain. First sales ranged from 2½c to 7½c higher and there was a subsequent further gain.

THE DAY ON WALL STREET.

New York, April 2.—Stocks moved in an uncertain way at the opening today. Fluctuations were about evenly divided between small gains and losses, although most of the speculative leaders were slightly lower. St. Louis and San Francisco first preferred gained two points. Studebaker lost one point.

Confident operations on the long side of the market were resumed today after an early hesitation. Hope of an early adjustment of the railroad rate problem was the predominating influence.

The general rise ran up to a point in various instances, with larger gains among the specialties. A few stocks were heavy. Baltimore & Ohio sagged two points. Buying slackened toward noon, and the list eased off from its best prices. Bonds were steady.

The market closed firm. News on the bull side brought up the level of prices again. Canadian Pacific was the most conspicuous feature of the railroad list. It rose to 209.

DAILY MARKET LETTER.

(Furnished by J. S. Phillips, North American Building, Fort Wayne, Ind.)

Chicago, April 2.—All grains displaying a better tone mainly as the result of recent liquidation. Movement of wheat and corn expected to be small and farm work is starting in earnest. Important European grain markets are steady. Fresh evidence that Argentina will be a small shipper of wheat right along. Winter wheat condition is guessed at 91, and reports continue favorable. Bull leaders in corn still working for a rally and said to hold a very large line. Early claims of improvement in the cash corn demand met denial later. Argentine corn offerings at seaboard were cut about 1½c today to lowest on crop. Oats supply statistics not bullish. Oats crop now being planted and average June promise over a period of several years have been very ugly. Big drop in western hog receipts help provisions. Otherwise Chicago provision stocks are large and will probably remain liberal for months.

Some close observers think the next break will carry steel down close to 60. If so, it can easily go still lower because of its influence on sentiment.

Trade advices seem to indicate that we will get a very poor United States Steel report on April 10 and 28, the former for unfilled orders, and the latter for quarterly reports of earnings. We see nothing to bull stocks on. Prices at 2:45 p. m. as follows:

Sugar, 109½; Smelter, 70; Copper, 77⅜; B. & O., 89⅝; R. R. T., 92⅜; C. & O., 53⅝; C. P., 208⅝; Erie, 30¼; Great Northern, 127⅛; Missouri Pacific, 27; Northern Pacific, 114⅝; New York Central, 96½; Reading, 166⅛; St. Paul, 101; Southern Pacific, 95¼; Union Pacific, 160⅜; New Haven, 65⅝; United States Steel, 63¾.

THE MAN FOR COUNTY CLERK; HIS DEMOCRACY AND CAPABILITY

JOHN C. BE

The man who goes before the people and solicits their support in his behalf in an effort to be elected to an office of public trust should first show the people that he possesses all the qualifications necessary to give them an honest and efficient administration in that office.

Such a man should not only be honest and upright but he should also have the educational qualifications and sufficient business experience to know how to handle the business of the office in a systematic and intelligent manner and courteously to the public, whose servant he is.

At the coming primary election the democrats of Allen county will be offered a splendid opportunity to nominate a man for the office of county clerk who in every respect comes up to the standard of what a public official should be; and his friends take great pleasure and pride in making this claim for their fellow townsman and democrat, John C. Belot.

Mr. Belot was born in Perry township, Allen county, and has lived in this county all his life; his life is an open book; he has served the people of the county in the capacity of deputy clerk for a number of years and due to his splendid qu… he was appointed field ex… state board of accounts; up… g this appointment he was as… the duty of making examinations of the records of county clerks throughout the state of Indiana and the experience he has gained from the work of both deputy clerk and field examiner is such that he can justly claim that he is eminently qualified to manage the business of the clerk's office with the highest degree of efficiency.

As a democrat Mr. Belot has never been found wanting in loyalty and on all occasions he has worked with might and main for the success of the party and its principles; four years ago he was a candidate for the office of county clerk, but was defeated in the primary for the nomination; this defeat did not in any manner change his attitude toward the party, and in the campaigns of 1910 and 1912 he worked with all of the old-time spirit for the success of his successful opponent and for the success of the entire democratic ticket.

In making these claims for him, the friends of Mr. Belot feel confident that no one will have any regrets for supporting him and it is with a view to serving the best interests of Allen county and the future welfare of the democratic party that this appeal on behalf of Mr. Belot is made by his friends.

FOUND GUILTY OF KEEPING RESORT

Mr. and Mrs. Mart Connor and Their Two Ladies Fined in City Court.

NEWS OF THE POLICE

On the testimony of two women who had been inmates of their flat at the corner of Hanna and Buchanan streets, Mr. and Mrs. Martin Connor were fined $25 and costs and given suspended jail sentences of twenty-five days, following a hearing in the city court this morning on charges of keeping a house of ill fame. Margaret Ispich and Dora Carpenter, a pair of bedraggled females, kept in the place as inmates, were fined $10 and costs each and given suspended sentences of ten days for frequenting a house of ill fame. The Ispich and Carpenter women swore they had been engaged to stay at the Connor house for immoral purposes and received male callers from whom Mrs. Connor collected money. They also swore that beer was sold to male callers at the place. Mr. and Mrs. Connor both denied that they had done wrong. The couple recently came here from Kokomo. Because of two small children in the Connor family Judge Kerr suspended the jail sentence.

Stolen Lumber in Haymow.

Edward Dollarhan pleaded guilty in the city court to a charge of petit larceny and was fined $15 and costs and given a suspended sentence of fifteen days. Dollarhan stole the lumber from a new home William Bowman is building on Wells street and carried it to his home just outside the city. Because he has a wife and three small children dependant upon him Dollarhan was shown leniency. The lumber was found hidden under the hay in Dollarhan's barn by Detective Sergeants Martin Rundell and Joseph Brennan, who investigated the theft.

Other City Court Cases.

Albert Eckert, slated for drunkenness, was not in court when his case was called and his bond was declared forfeited. Later he came in, was given an indefinite continuance and his cash was restored to him.

John Snyder, who got drunk and gave his wife a mauling at their home, 207 West Williams street, was fined $1 and costs on a drunk charge.

James Kirk, a confirmed soak, was fined $5 and costs for getting drunk and aggravating that offense by making an indecent spectacle of himself near the Gem theater.

Derr Wright, for loitering, and William Egan, for vagrancy, were tried and allowed to go.

POLICE NOTES.

While John Fredericks was for a short time absent from his meat market, 1222 Wells street, yesterday afternoon, a thief entered and stole $13 from the cash register, overlooking $40 that was also in the money drawer.

General Manager W. L. Moellering, of the Home Telephone company, reports to the police that the pay telephones at the Nickel Plate and Pennsylvania stations have recently been robbed of the cash they contained.

WHY IT SUITS PARTICULAR PEOPLE.

Foley's Honey and Tar Compound is prompt and effective for coughs, colds, croup, hoarseness, bronchial coughs and for any condition where the membranes of the throat and bronchial tubes are inflamed and raw. Thomas Verron, Hancock, Mich., writes: "Foley's Honey and Tar has always proven effective, quickly relieving tickling throat and stopping the cough with no bad after effect." It contains no opiates, and is a pure reliable medicine. That's why it suits particular people. Dreier Drug Co.—Adv.

ATTENTION, VOTERS!

All who intend to vote next November for the restoration of work and wages and against the free trade law that has failed to cut down the high cost of living, and all who oppose the administration's policy of giving away all the advantages of the Panama Canal, which was built by American money for American purposes, should not fail to attend the primaries tomorrow and vote for the candidates on the republican ticket.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 69 Marcellus Avenue, Manasquan, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.
